Dear Village Council Members:

I recommend that we increase the membership of the Historic Preservation Commission to seven members, and I ask your early approval of this recommendation.

I am very pleased with the current members of the HPC. They have a wide range of skills, experiences, and perspectives which enables us to have a very robust conversation with applicants and examination of their proposed plans.....when all five members are present, that is. However, volunteers of a high caliber have other activities and obligations which sometimes interfere with their attendance at the HPC hearings. The problem is even greater when a member must be recused, especially in cases involving the Resort. Twice in the past three months, we have had to conduct hearings with only three commissioners present. In each case, the two absent commissioners had bona fide reasons.

Some of the cases we consider are fairly complex. The applicants deserve our very best effort, and I don't think we can deliver that with less than five commissioners in attendance. The smaller our numbers, the greater the risk that we will make a mistake. Not only are we more likely to overlook an important factor, but there is a greater chance that one strong personality could unduly influence the outcome.

I ask for early approval of this recommendation because the need is pressing. Also, your staff is in the process of arranging for some "professional" training for all commissioners, which we hope to conduct in November. I would like very much to have any new members be named in time to attend that training.

Kindest regards.

Pinehurst's First Concours

This place is all about golf — except for the first weekend in May, when cars now take over

We all know the saying "third time's the charm." Other than the unseasonable cold and windy weather, one might say the first time's the charm for the inaugural Pinehurst Concours d'Elegance on May 3–5, 2013, at the hallowed Pinehurst Golf Club and Resort in rural North Carolina.

A field of 118 cars graced the manicured fairways of the club that will play host to the 2014 U.S. Open Golf Tournament. Make no mistake. This place is all about golf — except for the first weekend in May, when cars now take over.

Featured marques for Sunday's concours included Porsche, Corvette, and the cars of Holman-Moody. The Holman-Moody cars were displayed as a non-judged class. Eleven classes competed for honors ranging from Brass Era and Preservation cars to American Muscle, Race Cars, and the obligatory American and European Classics 1925 to 1948.

SCMer Lee Holman was also in attendance — along with some pretty special machinery from the venerable race firm's storied past. The Collier Collection of Naples, FL, fielded Chassis 1031/1047, a 1967 Ford GT40 prepared for the 24 Hours of Le Mans. Others included "Strip Teaser II," a 1964 Ford Falcon AF/X Drag Car, Holman's own 1963 Ford Galaxie No. 22 racer, and the 1969 Ford Torino Talladega from the collection of noted racer and SCMer Ray Evernham.

Best in Class Muscle — as well as the Chairman's Award — was presented to SCMer Jurgen Stanley's 1970 Plymouth Superbird Hemi. SCMer Brad Bean's 1957 Chevy Nomad took Best in Class honors in Production Post-War 1946 to 1982, while Les Holden's 1904 Cadillac Touring received the award for Best in Class in Brass Era cars. Other notables included Joe Parsons' 1958 Studebaker Golden Hawk (sold new at his dad's Studebaker dealership) and Richard Taylor's 1936 Stout Scarab, both of which received Class Awards. The 1938 Steyr 220 roadster with coachwork by Glaser owned by Peter Boyle of Oil City, PA, took the overall Best of Show Award as well as Best in Class American and European Classics. Boyle's stunning-but-unusual car is one of six produced, three known to exist, and the only one currently in the United States.

In a touch of Southern hospitality, a pair of custom-made Carolina rocking chairs was placed behind each show entrant for the comfort of the car owners. Another first was the judges using iPads for the scoring of each car. Results were virtually instantaneous, enabling the awards ceremony to start on time (sadly, a rarity in the concours world). Each judging team was paired with a junior judge — a local high-school student. Many of the

junior judges were surprisingly knowledgeable and car-savvy. Kudos to the organizers for involving younger people in the car hobby.

For some, the weekend highlight was Friday's Iron Mike Rally, a 60-mile round trip from the Pinehurst Resort to Fort Bragg, which is home to the U.S. Army Airborne and Special Operations Forces. Over 50 vintage cars ranging from Model Ts to Ferraris participated in the escorted tour. Upon arrival at the Fort Bragg Parade Field, cars were displayed and members of the military examined and voted for their favorite car. The soldiers gave that honor to the 1954 Mercedes-Benz 300SL of Barbara Schlitz. After lunch, tour participants were able to meet with Army medics, divers, infantryman, paratroopers and explosive experts, who demonstrated

their skills and knowledge of their particular specialty.

Despite the low temperatures and threatening skies, Saturday featured a well-attended "cars and coffee" for Porsches and Corvettes as well as RMK Collector Car Auctions' sale highlighting American Muscle and restomods. More than 5,000 people attended the weekend's festivities; no small feat in itself. Proceeds benefited the Wounded Warrior Project, and plans are already under way for the 2014 event. Overall, a fine effort for a first-time event. With a bit of polishing and detail execution, Pinehurst will continue its charmed — and welcome — existence. ♦

SCMer Charles Gillet's 1931 Cadillac V16 452A all-weather sedan won Best in Show

It's pretty remarkable that a car with a near 40-year-old restoration took Best in Show honors at the Pinehurst Concours on May 4, 2014.

It's even more remarkable that its owner, SCMer Charles Gillet of Lutherville, MD, is still immersed in the car hobby — at age 90. Mr. Gillet's Midnight Blue 1931 Cadillac V16 452A all-weather sedan by Fleetwood was chosen by the judges as top dog from the 12 Best in Class winners at the Pinehurst Concours d'Elegance.

Gillet bought the Cadillac in 1986, and he sent it off for restoration at Al Prueitt & Sons of Glen Rock, PA. This same company still maintains the elegant automobile — a testament to the quality of the restoration and the care that the car continues to receive many years later.

Tying Gillet for Best in Class honors among Grand Classics 1925–48 was the spectacular 1939 Mercedes-Benz 540K Special Roadster from the collection of Dr. Rick Workman of Windermere, FL.

The field was filled with notable and unusual vehicles including the 1903 Marr Auto Carr of W. Barton Close of Signal Mountain, TN. The car won Best in Class Brass Era Cars. Barton's great-grandfather Walter Marr designed and built the 111-year-old car. Winning Best in Class among the Production Post-War 1946–82 category was SCMer Brad Jones from Greensboro, NC, and his flamboyant 1958 DeSoto Firedome convertible.

The Production Pre-War 1916–42 top honors went to the jaunty 1933 MG J-type from the collection of Roy Crowninshield of Asheville, NC. The FIVA Award was presented to the 1954 Alfa Romeo 1900SS Zagato owned by SCMer Corrado Lopresto of Milan, Italy. Brad Beam of Miramar Beach, FL, was given the top award in American

1960 Chevrolet Corvette in rare Cascade Green livery

High-Performance 1960–74 for his meticulously restored 1960 Chevrolet Corvette painted a rare, one-year color of Cascade Green.

Special classes celebrating the Ford Mustang 50th Anniversary and Porsche Turbo 40th Anniversary were featured. The former-Steve McQueen 1956 Jaguar XK SS from the Petersen Automotive Museum in Los Angeles and Rick Hendrick's recently acquired Snake and Mongoose Funny Cars were other highlights of the 119-car showfield.

Concours Chairman and Porsche collector Bob Ingram presented his Chairman's Award to the 1966 Shelby Mustang GT350 H owned by Tom and Pat Cotter from Davidson, NC.

The weekend's activities began with Friday's 60-mile Iron Mike

road rally from Pinehurst to Fort Bragg and back in honor of the Wounded Warriors program. Fittingly, several soldiers participated as passengers.

While at the base, a chorus of U.S. Army Airborne and Special Operations Forces soldiers sang for the crowd. Everyone on hand got to visit with Fort Bragg soldiers.

The soldiers voted for their favorite cars, and the Soldiers Award went to David and Patty Peeler of Weddington, NC, and their 1934 Packard 1104 sport phaeton. A cocktail party followed at the grounds of the resort Friday night. Saturday morning featured a "Porsche versus Mustang" Cars and Coffee on the concours showfield. The town of Pinehurst celebrated with a British Invasion outdoor concert and car show Saturday late afternoon and evening.

Weather, always a factor in car events, was Chamber of Commerce perfect Saturday and Sunday, much to the happiness of everyone involved. Now in its second year, the Pinehurst Concours has everything in place to become a major part of the annual concours calendar. And if you not only like cars but golf, too, this place is heaven. ♦

	VILLAGE OF PINEHURST STANDARD PROCEDURE	
SUBJECT:	Volunteer Program for the Village of Pinehurst	Effective Date: 3/2005
Department:	Administration	Policy No.: A-180
Prepared by:	Karen Habenstein	Revised:
Approved by:	Village Council and A. Wilkison, Village Manager	# of Pages: 2

PURPOSE: The purpose of this policy is to:

1. to set forth the guidelines and requirements for the citizens of the Pinehurst community who desire to volunteer their time and talents on various committees and/or boards to further the work of the municipality,
2. to set forth the Volunteer Program established by the Village of Pinehurst in order to recognize and thank the community volunteers for their contributions and commitment to the Village of Pinehurst now and in the future, and
3. assist the volunteer corps of the Village in feeling valued for their contributions and service towards Village government.

POLICY: It is the policy of the Village of Pinehurst (VOP) to recruit, orient, promote, and recognize community volunteers who give of their time and talents to serve on standing and ad hoc committees and boards. Said committees and boards may deal with specific short and long term projects; as well as planning, zoning, and appearance issues which can affect the Village today and well into the future. All committee and board work is intended to maintain and/or enhance the quality of life that is consistent with the history and tradition of Pinehurst.

ELIGIBILITY: Citizens of the Pinehurst community and the extra territorial jurisdiction (ETJ) are encouraged to volunteer to serve their community through the Village of Pinehurst committees and boards following two years of residency.

PROCEDURE:

Process for Volunteer Appointment

To prepare for a time when vacancies occur on Village Boards and Committees, citizens are encouraged to apply for volunteer positions by submitting a Volunteer

Application to the Village Manager. This information is reviewed by the Chairperson of the Board/Committee for which the volunteer applicant has applied. Upon the recommendation of the Chairperson; the Village Manager, the Human Resources Director, and the Chairperson, will meet with the applicant to become familiar with the applicant's background and to educate the applicant regarding the role and responsibilities of the specific volunteer position. Subsequent to this meeting and subsequent to any additional educational or introductory process, the Chairperson of the Committee may conduct; the applicant will meet with the Village Council during a Village Council work session for the Council to consider the applicant for appointment. The applicant will be informed of the status of their appointment following the meeting with the Village Council.

VOP Volunteer Program

The Village Manager and the Director of Human Resources shall proactively seek to meet with organizations such as homeowners' and property owner associations, and other public venues and groups to inform citizens of volunteer opportunities with the Village, and recruit volunteers for these volunteer opportunities.

Following appointment to a volunteer committee or board, the Chairperson of appropriate group is responsible for orienting the new appointee to the history of the Village of Pinehurst and the work and responsibility of the committee or board.

Whenever possible, the VOP issues a press release and photo of newly appointed and retiring volunteers for publication in the local newspaper and inclusion in the VOP newsletter.

Various forms of internal and external recognition are celebrated each fiscal year in an effort to acknowledge the contributions of all VOP appointed volunteers.

Volunteers appointed and serving with the Village five years or more are to be recognized "in perpetuity" in a manner deemed appropriate by the Village Council.

Each department director is encouraged to include volunteers working or associated with their department in any activities during or after regular work hours when appropriate.

Dear Todd,

This letter is to serve as the proposed written agreement between the Pinehurst Parks and Recreation Department (PPRD) and AC Sandhills (ACS) regarding use of the property at West Pinehurst Community Park located at 861 Chicken Plant Road. Please find below the terms of the agreement regarding the facility and its use:

1. PPRD agrees to allow ACS at its own expense, to perform work on the open field space adjacent to the gravel parking lot including grading, leveling, installing soil and sowing grass to create fields suitable for practices, training, etc.
2. ACS will install additional parking spaces as required by the Pinehurst Development Ordinance at its own expense to adequately meet the parking needs of the new use. Should any site plans be required related to the design of the parking area, PPRD agrees to pay the cost of the site plan preparation.
3. ACS will maintain commercial general liability insurance in the amount of \$1,000,000 per occurrence and will provide annually a certificate of insurance to the Village of Pinehurst who will be listed as additionally insured.
4. ACS agrees to be responsible for the maintenance and upkeep of the field space improved for their use including but not limited to mowing, weed eating, filling in holes as a result of use, etc. PPRD agrees to be responsible for the maintenance and upkeep of the parking lot and other amenities already on site not associated with the use by ACS.
5. ACS understands that the fields when not scheduled for use by ACS are open to the public during normal park hours from dawn to dusk. ACS will need to complete a Reservation Application for all uses in order to schedule use of the fields. In the event of a competing rental request, PPRD will grant ACS first priority in scheduling of the field space for their planned uses.
6. If required by Village ordinance, any additional portable restroom facilities that are needed will be supplied by ACS at their expense.

Memo

To: Village Council
From: Natalie Dean
CC: Andy
Date: October 7, 2014
Re: Concours d' Elegance Funding

At your last Council meeting, the Council discussed the sponsorship request from Jay Howard for the Concours d' Elegance. Since then, the Mayor and I have spoken with Jay Howard about alternative ways the Village may support the event without contributing any monetary funds directly.

The alternative discussed that seemed to get the most traction was for the Village to provide the Harness Track and Fair Barn venues without charge as discussed and for the Village to hold a concert on Tufts Park during the Concours weekend as part of the Live After Five Series.

As you are aware, the organizers of Live after Five have indicated to staff that this Friday's Live after Five event will be the last event they will produce. They have asked the Village to assume responsibilities for these events going forward. The working group that discussed this consisted of the event organizers (Koley Keel, Patrick Barry, and Scott Lincicome), Eric Kuester (Pinehurst Resort), Natalie Dean, and Ashley Hunt. This group agreed that if the Village assumed responsibility for the events, we would recommend holding four larger events a year instead of the six Live after Five events held now. Specifically, we discussed bringing in larger name bands that would attract a bigger crowd and holding the concerts on Tufts Park. There are currently no funds budgeted for the Village to produce the concerts, but the group believed we could likely obtain a higher level of sponsorships if the events were restructured as discussed. Currently, staff is working on putting together a model and proposal to determine how the events could be funded with as little additional funding needed from the Village as possible.

Jay was agreeable to the Village hosting the concert the weekend of the Concours if it can be branded, "The Night Before the Concours" and if the Village does not seek competing sponsorships. I believe the Village could comply with these two requests by working collaboratively with Jay to program and market the event.

In addition, Jay requested the Village rent the same 24ft x 32ft stage used last year from his event production company for the concert and for the other potential three concerts in the series at a price of \$3,000 per event. As you know, a working group that consists of Mayor Fiorillo, Councilmember Phillips, Ashley Hunt, Mark Wagner, and Jeff Batton are currently evaluating stages that they may ask the Council to consider purchasing. Events Coordinator, Ashley Hunt, has indicated she is able to rent a comparable 20ft x 24ft stage for \$1,960 for each of the four events. She also indicated the smaller stage is more appropriately sized for the bands we would likely engage for next year's concert series.

As mentioned above, there are currently no funds budgeted for stage rental or entertainment for the proposed concert series. It is likely the Village will need to amend the budget by some amount to cover the cost of this series, if Council decides to take it over.

Finally, Jay indicated he would like for the Village to use the same food and beverage vendor for the concert that he uses for the Concours event. Last year, this was Backyard Bistro.

Councilmember Strickland also asked me to contact communities to see if they support the Pebble Beach and Amelia Island Concours events. Staff has contacted Carmel, CA; Monterey Co., CA; and the City of Monterey, CA for the Pebble Beach event and Fernandina Beach, FL, and Nassau Co., FL for the Amelia Island event. We have also contacted the organizers of both events. Pebble Beach is unincorporated and the nearby City of Monterey does not support the event. We have not received return calls from Carmel or Monterey Co. and therefore do not know if those governments support the event or not. Fernandina Beach, FL and Nassau Co, FL provide discounted parking fees at the airport and reserve a parking lot for Concours use during the week. In addition, we learned the Amelia Island Tourist Development Council provides financial support for the event, but organizers were not willing to disclose the amount. In summary, we were able to obtain limited information about support for the other two larger Concours events.

Jay has requested the Council make a decision on his request for support of the Concours event at your meeting on October 14th. Jay has also provided some examples of national publicity for the event that he asked me to forward to you, which is included as an attachment to this agenda item. If you have any questions, or need additional information, please let me know.

Subject: **Discussion on the Pinehurst Development Ordinance (PDO) and Parking Requirements for Parks**

In an attempt to provide some supporting information on certain parking requirements found in the Pinehurst Development Ordinance (PDO), I offer the following information:

- Section 9.4.1 of the PDO indicates that the provisions for off-street parking does not apply to the Public Conversation (PC) Zoning District (West Pinehurst Park is zoned PC); however, if parking is proposed it shall comply with the parking standards in the PDO.
- Section 9.4.1.1 of the PDO states that permanent off-street parking spaces shall be provided before conversion from one type of use of occupancy to another if the new use requires additional parking spaces. The conversion of an open area to ball fields would trigger permanent off-street parking.
- Section 9.4.1.2 of the PDO states a minimum of all parking areas shall be paved and 25% of parking areas may be graded and graveled. In 2011, the PDO was amended by Village Council so parking areas serving public park facilities, as defined in the Village of Pinehurst Comprehensive Parks and Recreation Master Plan of 15 or fewer spaces, may consist of 100% graded gravel parking lots. If a parking area serving a public park exceeds 15 parking spaces, it shall then be brought into conformity with the 75% paved,

25% gravel requirement. This change to the PDO in 2011, was made in order to allow for the development of the disc golf course to be constructed at West Pinehurst Park and be used as a temporary step in the parks long-term development.

- Section 9.4.1.2 of the PDO requires each parking area to meet all applicable landscaping, screening and buffering requirements.
- Additionally, based on staff's conversations with personnel from the Fire Department (FD), the travel lanes for any parking need to be an all-weather surface that is capable of handling the weight associated with fire apparatus. This is typically 2" of pavement over an 8" gravel compacted surface; however, any option meeting this standard could be considered by the FD.

In lieu of meeting the standards of the PDO set forth above, options for alternatives would require an amendment to the PDO to achieve any standard and/or policy direction given to staff from the Village Council. Observations from staff, including potential pros and cons to making changes to the PDO might include:

- Creating a lower standard for Village development vs. private developments.
- Should this lower standard be afforded to other uses or similar uses?
- Cost of long term maintenance.
- Parking lot creep may occur, which might not be an issue at this site but if other uses and developments are afforded the same option, then this may be of a concern.
- Private opulence versus public blight was a criticism of the Village during the Development Review done by the Lawrence Group. Setting a lower standard for the Village would further this claim.
- Permitting gravel to be used in a parking lot application that is truly interim or temporary in nature may allow for the easy and less expensive removal of the parking area in the future as long term development plans are implemented.
- Permitting gravel to be used in a parking lot application that is truly interim or temporary in nature and are consistent with long term development plans may allow for the future paving of the parking area to be done at a potential cost savings.

Please let me know if you have any questions or concerns regarding the foregoing information.
