III. Public Hearing:

1. The purpose of the public hearing is to consider an Official Zoning Map Amendment. This map amendment would rezone four parcels of land consisting of approximately 8.45 acres. These properties are addressed as 4138 Murdocksville Road. These properties are further defined as being Moore County PID #'s 00016276, 20030615, 00017456 and 00016390. The properties are currently zoned R-10 (High Density Residential). This proposed map amendment would change the zoning of the properties to R-MF-CD (Residential Multi-Family-Conditional District). The property is currently vacant. The proposed use of the property is a 40 unit townhome development. The applicant and owner is Rick Knight, Tiara Properties, LLC.

Bruce Gould, Principal Planner read portions of the staff report into the record.

Rick Knight, Builder/Developer and Tim Carpenter, LKC were present to answer any questions or address any concerns of the Board.

Deb Wimberley, Resident stated her concerns regarding traffic on Murdocksville Road.

Collett Kolinski, Resident asked if the townhomes would be rented and who would be managing the rentals. Rick Knight responded some units will be sold and that he will oversee the units that have not been sold and will be rented. Also, the covenants and restrictions will limit rentals to long term periods.

Jack Farrell, Resident expressed his concerns with the elevations of the townhomes.

Chairman Santowasso expressed his concerns with the architectural design of the proposed townhomes and several aspects of the General Concept Plan.

Fred Engelfried made a motion to close the Public Hearing and re-enter into the regular meeting; David Kelley seconded the motion, which was unanimously approved.

Chairman Santowasso asked for members that will serve on a sub-committee to meet and go over the design of the proposed townhomes with Developer, Rick Knight. Cyndie Burnett, Julia Latham, David Kelley along with Leo Santowasso agreed to serve on the sub-committee along with staff.

IV. New Business

Fred Engelfried suggested that when the Board of Adjustment meeting is scheduled for a quasi-judicial proceeding following P&Z it may be helpful to schedule both meetings in the Assembly Hall to eliminate the packing and moving from one room to another.

Jack Farrell, Resident stated that visitor parking has not been allocated and asked the Board to consider adding visitor parking as a condition.

Concerns were also raised regarding the potential for additional traffic on Murdocksville Road and the entrance in and out of the project. Leo Santowasso, Chair responded that there may be some discussions with DOT, Staff and the Village Engineer regarding these concerns.

After further discussions, David Kelley made a motion to recommend approval of the proposed amendment at 4138 Murdocksville Road, as such amendment would be in accordance with the 2010 Comprehensive Long Range Plan. The proposed amendment is consistent with the goals outlined in the Pinehurst 2010 Comprehensive Long Range amended October 11, 2014; as identified in the staff report dated August 30, 2017 prepared by Principal Planner, Bruce Gould.
