Description

- ▣ September 12, 2023 Council Regular Meeting Minutes
- ▣ September 12, 2023 Council Work Session Minutes

**VILLAGE COUNCIL
MINUTES FOR REGULAR MEETING OF SEPTEMBER 12, 2023
ASSEMBLY HALL
395 MAGNOLIA ROAD
PINEHURST, NORTH CAROLINA
4:30 PM**

The Pinehurst Village Council held a Regular Meeting at 4:29 p.m., Tuesday September 12, 2023, in the Assembly Hall of Pinehurst Village Hall, 395 Magnolia Road, Pinehurst, North Carolina.

The following were in attendance in Assembly Hall:

Mr. John C. Strickland, Mayor
Mr. Patrick Pizzella, Mayor Pro Tem
Mr. Jeff Morgan, Councilmember
Ms. Lydia Boesch, Councilmember
Mr. Tom Hennie, Councilmember
Mr. Jeff Batton, Assistant Village Manager
Mr. Jason Whitaker, Chief Information Officer
Ms. Shannon Konstantinou, Village Clerk

And approximately 13 attendees, including 6 staff and 1 press.

1. Call to Order.

Mayor Strickland called the Village Council meeting to order. Mayor Strickland asked for Council approval to move item #2: Reports to item #3, and to move item #3: Oath of Office for Newly Appointed Councilmember Tom Hennie to item #2. All members unanimously agreed to adjust the agenda order.

2. Oath of Office for Newly Appointed Councilmember Tom Hennie.

3. Reports:

Village Manager

- Mr. Jeff Batton, Assistant Village Manager, announced the promotion of Ms. Shannon Konstantinou to the role of Village Clerk, and reminded Council to pick up their copies of the Community Survey reports for review.

Village Council

- Mayor Strickland reported on the August 09th, 2023 event installing Dr. Sandy Stewart as the new Sandhills Community College President, the ceremony to be held on Thursday, October 12th, 2023 at 02:00 PM renaming the Council Conference Room of Village Hall in honor of former Mayor and Councilmember Virginia "Ginsey" Fallon, and the ceremony held in Southern Pines memorializing the victims of the attacks and honoring those who served on September 11th, 2001.
- Mayor Pro Tem Pizzella reported on the September meeting of the Beautification Committee, the return of their Chairperson Ms. Janet Farrell, and the Committee's work to prepare for the upcoming holiday season along with helping progress the Downtown Amenity Plan; the September 05th, 2023 Moore County Economic Development Partnership board meeting, which included a guest

presentation from the new President of Sandhills Community College, Dr. Sandy Stewart; and the celebration of life for Ms. Alicia Russ.

- Councilmember Boesch reported on the Pinecones Pathway Program, which will return in fall for one day (Saturday, October 21, 2023) with 10 glass pinecones produced by Starworks being hidden on 10 trails in Moore County to commemorate Great Trails Day in North Carolina (for more information on the event and increased prizes, visit homeofgolf.com); Rock the Village; the railroad spur being installed next to the Cradle and the subsequent burial of the overhead electrical lines; and on former Councilmember Jane Hogeman's obituary in the Sunday, September 10th, 2023 edition of The Pilot.
- Councilmember Morgan reported on the August 23rd, 2023 Central Pines Regional Council (CPRC) meeting and the resolution made by the CPRC honoring former Councilmember Jane Hogeman's life and service.
- Councilmember Hennie stated he is honored to be part of the Village Council and will do his best to serve the community for the time he is able to serve on Council.

4. Motion to Approve Consent Agenda.

All items listed below are considered routine or have been discussed at length in previous meetings and will be enacted by one motion. No separate discussion will be held unless requested by a member of the Village Council.

A. Approval of Village Council Meeting Minutes

- August 8, 2023 Council Regular Meeting Minutes
- August 8, 2023 Council Work Session Minutes
- August 8, 2023 Closed Session Minutes
- August 21, 2023 Council Special Meeting Minutes

End of Consent Agenda.

Upon a motion by Councilmember Boesch, seconded by Councilmember Morgan, Council unanimously approved the Consent agenda by a vote of 5-0.

5. Discuss and Consider Resolution 23-42 Appointing Thomas Schroeder as the Chairperson to the Board of Adjustment.

Mr. Cameron, Planning and Inspections Director, discussed the vacant Chairperson position for the Board of Adjustment, and Mr. Schroeder's experience and eligibility for the position.

Mayor Strickland asked Mr. Schroeder to provide background on why he is interested in serving on the Board of Adjustment. Mr. Schroeder detailed his experience with quasi-judicial procedures from his six-year service with the Historic Preservation Commission (HPC) and 12 years as a judge.

Upon a motion by Mayor Pro Tem Pizzella, seconded by Councilmember Morgan, Council unanimously approved Resolution 23-42 Appointment of Thomas Schroeder as the Chairperson to the Board of Adjustment by a vote of 5-0.

6. USGA Presentation.

A presentation regarding Golf House Pinehurst and the 2024 U.S. Open will be given.

Mr. Leighton Schwab, Director of Operations for the USGA, and Janine Driscoll, Director of Communications for the USGA, provided background on their professional experience with the USGA and experience within the community of Pinehurst. Ms. Driscoll thanked the Council for their support of Golf House Pinehurst, congratulated Councilmember Hennie on his appointment, and recognized Councilmember Hogeman's contribution to both the Council and the community.

Ms. Driscoll reviewed a PowerPoint presentation outlining the progress of the development of the Golf House Pinehurst site. Ms. Driscoll stated equipment will start to be moved into the facility late November / early December provided everything goes as planned with the Certificates of Occupancy timeline for the site. Ms. Driscoll further reviewed the items and information that will be on display at the Visitors Center, Museum, and Hall of Fame facilities. Ms. Driscoll stated the inauguration into the Hall of Fame will take place on the opening day of the 2024 U.S. Open. Ms. Driscoll, also, highlighted the initiatives the USGA will be taking to be an engaged member of the Pinehurst community. Ms. Driscoll displayed a timeline of the remaining projects to be completed at the Golf House Pinehurst site with a soft opening of the USGA Experience being planned for May of 2024.

Mr. Schwab reviewed a PowerPoint presentation with an overview of the U.S. Open Championship events, with the main Championship events running from June 10th to June 16th of 2024. Mr. Schwab highlighted the Volunteer, Hospitality, Tickets, and Parking & Transportation numbers and services. Mr. Schwab displayed a timeline of the U.S. Open Championship projects to be completed prior to the 2024 U.S. Open launch in June.

Council thanked Ms. Driscoll and Mr. Schwab for their presentations and verified the location, type, and installation date of the fencing to be installed around the Resort courses for the 2024 U.S. Open.

Ms. Driscoll extended an invitation to Council to tour the facility when the Certificates of Occupancy are issued.

7. Discuss and Consider Updated Statewide Mutual Aid Agreement.

Fire Chief J. Carlton Cole provided a history of and background on the changes to the Statewide Mutual Aid Agreement.

Council and Chief Cole discussed the type of aid and equipment covered by the agreement, the process and procedures during an emergency, and the fact that an agreement has been in place since 2009 but has not been updated until now.

Upon a motion by Councilmember Morgan, seconded by Mayor Pro Tem Pizzella, Council unanimously authorized the Village Mayor or the Village Mayor's Designees and all required staff to execute the North Carolina Statewide Mutual Aid Agreement on behalf of the Village of Pinehurst by a vote of 5-0.

8. Q4 Update on the Status of the FY 2023 Strategic Operating Plan.

Mr. Matthew McKirahan, Organizational Performance Director, reviewed a PowerPoint presentation outlining the Q4 updates to the FY 2023 Strategic Operating Plan highlighting the timelines of the Update to the Pinehurst Development Ordinance (PDO), the Retrofit of the Current Athletic Fields with Synthetic Turf, the Expansion and Renovation of Given Library / Tufts Archives, and the OFI (Opportunity for Improvement) Evaluations / Projects.

Council, Mr. McKirahan, and Mr. Willardson, Assistant Village Manager, discussed the PDO update progress and timeline, the front gap in the fencing around the athletic field potentially being closed if issues arise in the future, the resident satisfaction with the quality of the community parks being 99%, and a presentation on the timeline and progress of the Library and Archives project being given at the September 26th, 2023 Council meeting.

Mayor Pro Tem Pizzella verified with Mr. Mike Apke, Public Services Director, that the Stormwater Improvement Implementation project will be coming before Council at the September 26th, 2023 meeting.

Assistant Village Manager Batton provided information on the Village Place streetscape enhancements and

additional information on the stormwater improvements project.

Mayor Strickland recessed the Regular Meeting at 05:52 PM for an 8-minute break.

Mayor Strickland reconvened the Regular Meeting at 06:00 PM.

9. FY 2023 Financial Statements – Q4 Unaudited.

Presentation of the unaudited financial statements as of and for the fiscal year ended June 30, 2023.

Ms. Dana Van Nostrand, Financial Services Director, reviewed a PowerPoint presentation outlining the Unaudited Q4 and FY 2023 Financial Statements highlighting the Budget to Actual Summary, Revenues vs. Expenditures, Revenues, Revenues to Note, Operating Expenditures, Operating Expenditures to Note, Capital Expenditures, Capital Expenditures to Note, Financial Position, Financial Outlook, Cash and Investment Balance, Fair Barn Revenues and Expenditures, Harness Track Revenues and Expenditures, and Library Expansion Capital Project Fund.

Council, Ms. Van Nostrand, and Mr. Batton discussed the year-to-year growth of sales tax, how Pinehurst differs compared to other communities regarding sales tax growth, the number of staff currently on payroll for both the Police and Fire departments, staffing fluctuating throughout the year, the difficulties facing the Village in finding staff for both the Police and Fire departments, what the Internal Services Charges listed were for, the change in the projected FY 2024 fund balance, the percentage of revenue allocated to the fund balance, the size of the fund balance in relation to other communities in the area, the allocation of fund balance funds for current and future capital projects, the fund balance increase for FY 2024 being driven by a decrease in expenditures, and the projected sales tax growth rate not including increased revenue from future development in the Pinehurst South and Village Place areas now that the moratorium has been lifted.

10. Metropolitan Planning Organization (MPO) Discussion.

Discussion on the MPO name and voting rules.

Mr. Doug Willardson, Assistant Village Manager, provided background information on the proposal to rename the MPO and on the debate over having a weighted vote as one of the MPO voting rules.

Council and Mr. Willardson discussed the proposal to rename the MPO to either SATPO (Sandhills Area Transportation Planning Organization) or SMPO (Sandhills Metropolitan Planning Organization) from SAMPO. It was agreed to propose changing the name to SATPO and, if this option was not favorable to the other municipalities, SMPO.

Council and Mr. Willardson discussed the debate over having a weighted vote as one of the MPO voting rules. One of the alternatives to having a weighted vote is to add an additional voting member for larger municipalities based on population, however this option is mostly used by smaller MPO's with fewer municipality members. It was agreed that a weighted vote based on population was preferable to Council.

11. Other Business

Mayor Strickland and Ms. Kristin Bunton, Communications Specialist, displayed the flag that Mayor Strickland will present to the Town of Dornoch, Scotland on his upcoming trip overseas. The 100th Anniversary seal of Pinehurst, which is the main design of the flag, is an apt depiction of the "Donald Ross: Birthplace to Workplace" theme of the Co-Operative Liaison of Mutual Benevolence Agreement entered into by the Village of Pinehurst and the Town of Dornoch, Scotland. The flag will be hung inside the Town of Dornoch's chambers.

Mayor Pro Tem Pizzella asked for an update on the project to update Village policies that have become

outdated. Mr. Willardson stated all approximately 30 Village policies were reviewed (approximately a dozen of those policies were updated), all policies are currently up-to-date, and he does not foresee any additional policy updates happening in the near future.

Mayor Pro Tem Pizzella further asked Mr. Willardson and Mr. Batton to research a mailing that has been sent to several residents asking them to oppose Bill H.R. 3557 in Congress.

12. Comments from Attendees.

None.

13. Motion to Adjourn

Upon a motion by Councilmember Boesch, seconded by Mayor Pro Tem Pizzella, Council unanimously approved to adjourn the regular meeting by a vote of 5-0 at 6:58 p.m.

Respectfully Submitted,

Shannon Konstantinou
Village Clerk

A videotape of this meeting is located on the Village website: www.vopnc.org

Vision: The Village of Pinehurst is a charming, vibrant community, which reflects our rich history and traditions.

Mission: Promote, enhance, and sustain the quality of life for residents, businesses, and visitors.

Values: Service, Initiative, Teamwork, and Improvement

**VILLAGE COUNCIL
MINUTES FOR WORK SESSION OF SEPTEMBER 12, 2023
ASSEMBLY HALL
395 MAGNOLIA ROAD
PINEHURST, NORTH CAROLINA
4:30 PM**

The Pinehurst Village Council held a Work Session Meeting at 6:58 p.m., Tuesday, September 12, 2023, in the Assembly Hall of Pinehurst Village Hall, 395 Magnolia Road, Pinehurst, North Carolina.

The following were in attendance in Assembly Hall:

Mr. John C. Strickland, Mayor
Mr. Patrick Pizzella, Mayor Pro Tem
Mr. Jeff Morgan, Councilmember
Ms. Lydia Boesch, Councilmember
Mr. Tom Hennie, Councilmember
Mr. Jeff Batton, Assistant Village Manager
Mr. Jason Whitaker, Chief Information Officer
Ms. Shannon Konstantinou, Village Clerk

And approximately 3 attendees, including 3 staff and 0 press.

1. Call to Order.

Mayor Strickland called the Village Council meeting to order.

2. Other Work Session Business

None.

3. Potential Future Agenda Items

None.

4. Discuss Downtown Paving and Parking Additions

Mr. Mike Apke, Public Services Director, and Mr. Jeff Batton, Assistant Village Manager, provided an update on the Downtown repaving project timeline, reviewed a document outlining options for additional golf cart parking spaces in the Downtown area, and reviewed two plans outlining options for additional car parking or golf cart parking spaces in the area outside the Theatre Building, which will also allow for additional landscaping / hardscaping sections in this area. It was agreed to cluster the additional golf cart parking spaces to one parallel car parking space that currently exists in the area around Cherokee Rd. and Village Green West, and to add car parking spaces (possibly one or two golf cart parking spaces) in the area outside the Theatre Building.

5. Emergency Notification Discussion

Ms. Kristin Bunton, Communications Specialist, and Mr. Doug Willardson, Assistant Village Manager, reviewed a PowerPoint presentation outlining the Evolution of Communication; VOP Communications Platforms; MYVOP; Website; Social Media; U.S. Mail; Constant Contact / Email Blast, Newsletter; Constant Contact Results; CodeRED; How to Sign Up; and IPAWS (Integrated Public

Alert & Warning System) – a Moore County Emergency Management service.

Ms. Bunton highlighted the importance of Constant Contact users signing up for both text and email notifications. Ms. Bunton stated the main means of emergency communication for the Village of Pinehurst is CodeRED, and noted it is important for CodeRED users to save both the emergency and non-emergency CodeRED numbers to their Contacts so the notifications do not come through as a “Potential Scam” call. In addition, Ms. Bunton stated a national test of IPAWS will be done on October 04th, 2023 at 02:20 PM with a backup test date of October 11th, 2023.

Ms. Bunton announced Councilmember Morgan’s retirement from his position with the VA hospital.

6. Adjournment.

Upon a motion by Mayor Pro Tem Pizzella, seconded by Councilmember Boesch, Council unanimously approved to adjourn the Work Session at 08:21 p.m., by a vote of 5-0.

Respectfully Submitted,

Shannon Konstantinou
Village Clerk

- Resolution 23-43 Appoint ETJ Rep. for P&Z - BOA (Henry)

RESOLUTION #23-43:

**A RESOLUTION APPOINTING AN EXTRATERRITORIAL JURISDICTION
REPRESENTATIVE FOR THE VILLAGE OF PINEHURST TO THE PLANNING & ZONING
BOARD AND BOARD OF ADJUSTMENT.**

THAT WHEREAS, the Village of Pinehurst has established a Planning and Zoning Board and a Board of Adjustment as required by its Development Ordinance and authorized by North Carolina General Statutes 160D-301 and 160D-302; and

WHEREAS, on the 13th day of March, 2012, the Pinehurst Village Council adopted Ordinance #12-10 to amend Chapter 31 of the Pinehurst Municipal Code to combine the Planning and Zoning Board and the Board of Adjustment; and

WHEREAS, the Extraterritorial Jurisdiction Representative seat for the Planning & Zoning Board and Board of Adjustment needs to be filled as the previous Representative's term expired on July 31, 2023; and

WHEREAS, the Village Council of the Village of Pinehurst is desirous of appointing Ms. Carol Henry to fill the vacant seat of Extraterritorial Jurisdiction Representative for the Planning & Zoning Board and the Board of Adjustment as required by its Development Ordinance and authorized by North Carolina General Statute 160D-307.

NOW, THEREFORE, BE IT RESOLVED by the Village Council of the Village of Pinehurst, North Carolina in a regular meeting assembled this 26th day of September, 2023, as follows:

SECTION 1. That the following appointment is hereby made to the Village of Pinehurst Planning & Zoning Board and Board of Adjustment for the term indicated:

Ms. Carol Henry shall be appointed as Extraterritorial Jurisdiction Representative of the Planning & Zoning Board and the Board of Adjustment, effective September 26, 2023, to serve at the pleasure of the Council until the end of her term on August 31, 2025.

SECTION 2. That the appointee shall continue serving until a replacement is appointed and qualified.

THIS RESOLUTION passed and adopted this 26th day of September 2023.

**LIBRARY AND ARCHIVES SPACE ANALYSIS AND PROGRAMMING
UPDATE AND LOCATION DISCUSSION
ADDITIONAL AGENDA DETAILS:**

FROM:

Doug Willardson

DATE OF MEMO:

9/21/2023

MEMO DETAILS:

Attached you will find a Given Memorial Library and Tufts Archives Expansion Space Analysis and Programming Update. The report is divided into three major sections. The first section reports on the data collected. This includes an overview of the library as well as the archives. It reviews the existing facility and programs. The second section part A provides an analysis of the library needs and programming. Section two B provides a similar needs and programming analysis but for the archives. The third section part A covers the overall building program and space planning for the library and the part B correspondingly covers the program and space planning for the archives.

Section three provides three site selection options for the new library. All three options are on Magnolia Road near the current campus of Village buildings. Option 1 is directly across from Village Hall to the right of the Police Station when facing the Police Station. Option 2 is further down Magnolia closer to Rattlesnake Trail. It is directly across from the entrance of the Trinity Christian Fellowship church. The third option is directly to the right of the Fire Station when facing the Fire Station. Cost estimates are included for the three options—with options two and three having the same price as they are both single-story library floorplans. The estimate for the single-story floorplan ranges from \$5.8 million to \$6.5 million. The estimate for option 1 across from Village Hall is \$8.9 million to \$9.9 million; due to the topography, the site will require two stories and increased costs. On top of this, the estimate for renovating the Tufts Archives building on the Village Green is \$2 million to \$2.3 million.

As you may recall, the Village has budgeted \$5 million for this project (see page 166 of the SOP). \$1.4 million has already been set aside in previous fiscal years and an additional \$3.6 million is budgeted for FY25. In addition to this, in FY21 the Village set aside \$1 million for upgrades to the library as an initial investment as the Village and the Givens Tufts Organization negotiated a transfer agreement. There is approximately \$500,000 remaining that staff recommends be transferred into the Library Expansion Capital Fund. Lastly, the Given Tufts Organization has committed to raising funds for the project. This was originally projected to be \$1 million; however, I am hesitant to count on a specific number until it has been committed. As you can see there is a significant shortfall between the cost estimate and our current budget. The original budget number was picked several years ago and remained stagnant in our projections despite year-over-year double digit inflation on construction prices. We have learned a lesson and will correspondingly inflate our large construction project budget estimates each year as we develop our five-year plan.

Using the low-end estimates, the cost for the library and renovation of the archives is \$7.8 million (this assumes we construct a one-story library). That is \$2.3 million more than our \$5.5 million currently set aside for construction and renovations. We may be able to reduce the scope of the archives renovation, but it will not significantly solve our deficit. I don't believe there is any ability to reduce the scope of the library

building. At our last meeting, Financial Services Director, Dana Van Nostrand, showed that FY23 ended with \$1.7 million surplus above what was originally projected. These funds can be used to cover the shortfall. Attached is an updated five-year forecast showing this adjustment. I believe the remaining \$600,000 can be covered by reducing the scope on the archives building and/or from the potential \$1 million fundraising efforts from the Givens Tufts Organization.

SECTION ONE: DATA COLLECTION

PURPOSE & OBJECTIVES

Project Purpose

The purpose of this document is to re-evaluate the current and future programming and space needs of the Given Memorial Library and Tufts Archives, in preparation for the planned renovation and addition of the existing Given Memorial Library and Tufts Archives Building.

Section One: **Data Collection**

Included in this section is OCA's outlined approach to the programming study, an existing plan, existing program, and an overview of findings.

Section Two: **Departmental Analysis & Programming**

Included in this section are departmental needs analyses developed in response to OCA's findings, as well as individual departmental programs

Section Three: **Overall Building Space Planning**

Included in this section is an overall building program (based on the compilation of the individual programs). This program is based on the data collected in Section One and the individual needs established in Section Two.

Project Objectives

The objectives of this assessment are to:

1. Reassess the current program and confirm an inventory of current & future needs.
2. Determine current issues with the existing facility.
3. Establish a new program to plan an efficient future space for daily operations.
4. Utilize approved program to prepare options for renovation / new construction.

GIVEN AND TUFTS OVERVIEW

Given Memorial Library and Tufts Archives Overview

The Given Memorial Library and Tufts Archives Building serves the population of Pinehurst, surrounding towns, as well as visitors. While being a main cultural building for the Village, the Given Memorial Library and Tufts Archives has provided educational events, youth developmental programming, and a vault of history for the Village.

Current Given Memorial Library and Tufts Archives Building

The Given Memorial Library and Tufts Archives Building is located at 150 Cherokee Road, in the Village of Pinehurst right off of the Village Green. The building was built in 1964 as a gift to the villagers from Sarah Given Larson and with the gift of land on the Green from Richard S. Tufts. Ten years later, the Tufts Archives expansion was complete to the South side of the Given Memorial Library. At the time of its construction, it was adequately sized and organized for the Given Memorial Library and Tufts Archives. In the 59 years since its construction, the Village of Pinehurst has grown significantly and the organizational structure and operations has grown with it. The existing facility does not provide enough space nor allow both the Given Memorial Library and Tufts Archives to operate adequately within its existing building.

EXISTING FACILITY PLAN

EXISTING FACILITY PLAN

OVERVIEW OF FINDINGS - SITE

Existing Site Plan

The Given Memorial Library and Tufts Archives is located at 150 Cherokee Road in Pinehurst, NC has a project scope to explore the feasibility of a building renovation or redesign and the impacts on the site layout. This site narrative discusses the existing conditions of the site and indicates potential user and program elements.

Existing Site Conditions

The Village of Pinehurst owns the two parcels that the existing Given Memorial Library and Tufts Archives sit on. At a combined 0.63 acres (PIN 856209062391 and PIN 856209062243) the lots are zoned as PC. The adjacent properties are zoned as PC Public Conservation and also owned by The Village of Pinehurst.

The parcel is within the 1973 National Register Historic District which carries special development requirements and restrictions outlined in the Village of Pinehurst Historic District Standards in the V section, Changes to Existing Commercial Structures.

The site is located in the Cape Fear Basin and is within the WS-IIIP Watershed. This limits development to a twenty-four percent built upon area.

OVERVIEW OF FINDINGS - SITE

National Historic Landmark District

The Village of Pinehurst became a National Historic Landmark (NHL) in 1996. The National Park Service monitors the condition of the National Historic Landmark to ensure that they maintain the integrity that they were designated with. In order to maintain the designation on a local level, The Village Council established Pinehurst's Historic Preservation Commission (HPC). The HPC conducts inventory, advises, and regulates the buildings within the Historic District. A Document of Standards was updated in 2021 as the written interpretation of the HPC's rules and regulations.

The Village Green

James Tuft's and Warren Manning's nineteenth-century Pinehurst plan centered an undeveloped oval called the Village Green. The Village green covers approximately 12.25 acres in an oval shape. Originally this oval was covered in grass, pine trees, and concentric roads. Prior to its 1996 NHL designation, two buildings were constructed on the Village Green. The Given Memorial Library was constructed in 1964 and the Village Chapel which was constructed in 1924.

Site Drainage and Management

The site is not located within a floodplain area as shown on FEMA Map Panel 3710856200J effective date 10/16/2006.

SECTION TWO - A: GIVEN DEPARTMENTAL ANALYSIS & PROGRAMMING

DEPARTMENTAL ANALYSIS & PROGRAMMING

Overview of Section (Cont.)

- 7. Administration 38
 - a. Services Provided
 - b. Physical Needs
 - c. Primary Adjacencies
 - d. Program

THE MODERN LIBRARY

A Library that Connects and Cultivates Communities

The information below has been gathered through research of current library needs post COVID-19 Pandemic (Appendix B) as well as library user interviews (Appendix A).

Technology

Libraries provide a crucial connection to technology that allows many people to research, connect, and work for many who do not have access to Internet in the home. Resources that are valuable to provide include access to computers, wireless Internet, printers, and scanners.

Flexibility

Post COVID, our communities have had to flex and grow to accommodate the ever changing climate. Creating a library that not only has flexibility to grow for demand in books and research materials, but also to grow with our communities as need for services may change. Ways to accommodate this flexibility would be flexible seating options, indoor and outdoor seating, multipurpose rooms, and reconfigurable shelving to name a few. Flexible spaces allow the public to collaborate and connect create a vibrant community center within the library. Conference rooms can double as maker-spaces and host classes on various topics, on top of traditional meeting structures.

Digital Books

While access to digital materials in a technology driven age are crucial, libraries serve communities of varying socio and economic backgrounds who may or may not have access to technology. The need for access to physical materials is still present but there is an additional element of providing enough infrastructure to accommodate storage of digital materials. The State Library of North Carolina provides standards for facility design that includes “a long-range facility plan that addresses library usage, projected growth, community needs, and technological changes affecting the delivery of collections, programs, and services. The plan is reviewed annually and revised every five years in a process that includes public input.” (1)

Social

A shift in focus on communities and social services could include physical and virtual learning opportunities, a safe and comfortable environment for all, and breakout community activities. An open dialogue with the community that the library serves would create an innovate and updated service model that best serves the community over time.

1. “Facilities | SLNC.” State Library of North Carolina, 18 Nov. 2021, statelibrary.ncdcr.gov/services-libraries/resources-library-staff/public-library-standards/facilities#Design-1315.

CHILDREN'S AREA

Departmental Services Provided

The most vibrant program within the Given Memorial Library is the children's programming. The Library provides weekly events for young children and their parents to gather as a community. For example, Tuesday's Playful Learning Program brings in around 20 children's with their parents, totaling around 35 patrons on a weekly basis. Other implemented programs for the Children include a Saturday Craft Area once a month.

Established Physical Needs

The following needs were determined during Data Collection:

- Gathering areas where children can interact without disturbing other patrons
- Separate stack area with increased capacity
- Storage for seating, event supplies, etc.

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Visual connection for library staff
- Connection to Library Living Room
- Improved Public Restrooms, including space for changing tables
- Front Entrance
- Library Lobby
- Increased Children's specific stacks area

YOUNG ADULT AREA

Departmental Services Provided

Currently the Young Adult (YA) area is a YA small stack area within the Given Memorial Library. There is a desire from Library staff to grow the Young Adult program by providing spaces for Middle and High School aged Young Adults. The YA collection within the library has opportunity for growth in order to adequately serve its demographic. The current selection is undeserving he YA population.

Established Physical Needs

The following needs were determined during Data Collection:

- Quiet study spaces with accessible outlets for technology.
- Separate stack area with increased capacity
- Complete YA Book Collection

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Visual connection for library staff
- Connection to Library Living Room
- Improved Public Restrooms
- Computers

ADULT AREA

Departmental Services Provided

The Adult Programming within the Given Memorial Library has historically been initially a strong interest to library patrons until COVID. With a refocus on programming and appropriately sized program spaces, there will be an increase in library patrons to events. With appropriate spaces, that number is expected to grow.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Library Living Room, a space of small seating areas, puzzle tables, a space for gathering
- Storage for puzzles and newspapers

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Proximity to Adult Stacks
- Library Living Room
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Improved Public Restrooms

PROGRAMMING SPACES

Departmental Services Provided

The program spaces within the Given Memorial Library and the Tufts Archives building are used for cultural and educational events. Some types of programs currently held are; Playful Learning time, story time, educational presentations, and book clubs. Events occur on both a regular schedule and also special events. Current programming can see attendance upwards of twenty people per event.

Established Physical Needs

The following needs were determined during Data Collection:

- Storage for tables and chairs
- Open space for many to gather
- Private Meeting Spaces for smaller gatherings/groups

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Staffing
- Front Entrance
- Library Lobby
- Improved Public Restrooms

MEETING SPACES

Departmental Services Provided

Meeting Spaces and Study Rooms within the Given Memorial Library and Tufts Archives building are a vital part to community integration. Common uses for meeting spaces discussed in user group meetings were book studies, and attorney meetings.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Multiple spaces available for reservations
- Spaces that are able to be closed off but also maintain visual connection for staff
- Study space with accessible outlets and modern technology (ie, presentation walls, project capabilities, etc.)

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Separation from larger gathering areas
- Front Entrance
- Additional meeting rooms to meet current and future needs
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Improved Public Restrooms

ADMINISTRATION

Departmental Services Provided

Given Memorial Library staff oversee the day-to-day functions of the library as well as community engagement and programming. Staff are responsible for processing new books, inventory, re-shelving, re-shelving books, checking in and out, logging books into inventory system, ordering books, and managing E-book.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Additional Office Space to meet current and future needs
- Additional Work Room to meet current and future needs for book processing
- Storage for staff personal items
- Storage for book processing
- Staff Break Room
- Staff Restrooms

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Front Entrance
- Additional Office Space to meet current and future needs
- Front Desk Visual Connection
- Deliveries Intake Area
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

SECTION TWO - B: TUFTS DEPARTMENTAL ANALYSIS & PROGRAMMING

TUFTS ARCHIVES

Departmental Services Provided

Tufts Archives is constantly processing existing Archives as well as taking in new inventory. Tufts Archives serves as a vault of information for the Village of Pinehurst and displays Pinehurst and Donald Ross's Course History. Not only a resource for the community, but the Archives also serve as a research base for Architects and Landscape Architects researching Donald Ross's work.

Established Physical Needs

The following needs were determined during Data Collection:

- Secure Archives Storage
- Archives Lobby
- Additional Office Space to meet current and future needs
- Storage for general office supplies
- Increased quality and quantity of display cases
- Flag Display
- Additional Work Room for staff to be able to work on special projects and process material, private and quiet

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Archives Entrance
- Additional Office Space to meet current and future needs
- Improved Public Restrooms
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

PINEHURST HISTORY MUSEUM

Departmental Services Provided

The collection of Pinehurst History artifacts are currently mixed within the Tufts Archives Display.

Established Physical Needs

The following needs were determined during Data Collection:

- Separation of Pinehurst History artifacts from Golf History and the Donald Ross Collection
- Increased quality and quantity of display cases

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Proximity to Lobby
- Visitor's Center
- Improved Public Restrooms
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

VISITORS CENTER

Departmental Services Provided

The current George P. Lane Welcome Center is located in the Theatre Building. Inside is seating, information on the Village and surrounding areas as well as merchandise.

Established Physical Needs

The following needs were requested during Data Collection:

- Relocation into the Pinehurst History Museum and Tufts Archives
- Merchandise Display

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Proximity to Lobby
- Lockable Storage
- Sight Lines for Staff

ADMINISTRATION

Departmental Services Provided

The role of Archives staff is to support the needs of the Archives and museum related to the key resources (Facilities, Program Experience, Digital Infrastructure, Collections, Staff Engagement, Archives Storage and Museum Display) and to oversee decision-making.

Established Physical Needs

The following needs were determined during Data Collection:

- Additional Office Space to meet current and future needs
- Additional Research Room to meet current and future needs
- Storage for staff personal items
- Storage for Facilities & Operations: surplus furniture, specialty cleaning supplies, etc.
- Staff Break Room
- Staff Restrooms

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Front Entrance
- Additional Office Space to meet current and future needs
- Both Entrances Visual Connection
- Deliveries Intake Area

SECTION THREE - A: GIVEN OVERALL BUILDING PROGRAM & SPACE PLANNING

GIVEN LIBRARY NEW PROGRAM

Based on individual user group meetings and facility walk-through, the following program summary was developed to meet the current needs for the facility.

Space	Needs			Subtotal	Notes
	Qty	SF	TOTAL		
<i>Given Memorial Library</i>				6,620	
Lobby	1	300	300		
Check-Out / Circulation	1	150	150		
Electronic Check-Out	2	50	100		
Offices:					
Director's Office	1	250	250		Audrey
Office	1	100	100		
Staff Areas:					
Work Room	1	150	150		
Processing/Repair	1	80	80		
Receiving	1	80	80		
Break Area	1	100	100		With Sink, Refrigerator, and MW
Staff Toilet	1	60	60		
Children's Stacks	1	900	900		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Children's Program	1	--	--		
Program Storage	1	100	100		
Adult Reading Room	1				Stacks and "Living Room" Space
Adult Stacks	1	1,030	1,030		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Young Adult Stacks	1	900	900		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Meeting Room	2	500	1,000		Seating for 15-20
Chair/Table Storage	2	100	200		
Small Group Room	4	120	480		4-6 Persons Per Room
Community Closet	1	30	30		Shared/Check-Out Puzzles and other Recreational Items
Loose Seating	1	400	400		Scattered Throughout
Public Computers	3	30	90		
Public Copy Area	1	120	120		

PROPOSED LIBRARY PLAN

PRELIMINARY SITE SCOPE

The following Preliminary Scopes were developed in response to the findings during the Data Collection phase:

Preliminary Site Scope

- Identify and create entrance for back of house, donations, deliveries, etc.
- Improve signage and way-finding for site and parking
- Improve entrances to become ADA accessible

SITE SELECTION

The following Site Options were prepared by Oakley Collier Architects as a schematic exploration of three parcels for the new Given Memorial Library. These three schemes were designed around the updated program, established needs, and developed in collaboration with the users of the building, the Village of Pinehurst, Tufts Given Tufts Foundation, and the architectural project team.

The schematic project options are as follows:

Option 1 - Parcel across from Village Hall, Magnolia Rd.

Option 2 - Parcel at the end of Magnolia Rd. by Rattlesnake Trail

Option 3 - Parcel beside Pinehurst Fire Department, Magnolia Rd.

SITE SELECTION

OPTION 1: FLOOR PLAN - WITH FUTURE EXPANSION

SITE SELECTION

OPTION 2

The third option explores the feasibility of a new Library building beside the Pinehurst Fire Department at 405 Magnolia Road.

In order to achieve the site functionality and organizational needs for the Given Memorial Library, Option 2 is a single story floor plan with parking in the rear that is shared with Rassie Wicker Park.

Features of Option 2 Include:

- One Story Floor Plan
- 94 Parking Spaces
- Reconfigured Parking Lot

Benefits of Option 2 include:

- Connectivity to Rassie Wicker Park
- Shared Meeting Spaces with Village Hall
- Increased parking space count, shared with Rassie Wicker Park
- Minimal Site Work

Drawbacks of Option 2 include:

- Side connectivity off of Rassie Whicker vs Magnolia Road

SITE SELECTION

OPTION 2: SITE PLAN - WITH EXPANSION

PROPOSED SITE PLAN

OPTION 2 - WITH EXPANSION OF 2,250 SF NTS

SITE SELECTION

OPTION 3

The second option explores the feasibility of a new Library building beside the Public Works Building at 430 Magnolia Road.

In order to achieve the site functionality and organizational needs for the Given Memorial Library, Option 3 would require buffers between residential houses on Rattlesnake Trail and the Public Works Building that flank the site. Screening is required along side and rear lot lines that abut with residentially zoned property. Options for screening include a 6' wall or fence, a row of evergreens, or existing vegetation of 20' width.

Features of Option 3 Include:

- One Story Floor Plan
- Outdoor Seating
- 38 Parking Spaces

Benefits of Option 3 include:

- Connectivity to Cannon Park Community Center
- Connectivity to Rassie Wicker Park
- Possible Walkability to Pinehurst Elementary School
- Shared Meeting Spaces with Village Hall

Drawbacks of Option 3 include:

- Smaller Porches/Patios
- Less site available for parking
- Access to site in a curve
- Storm water run off through site
- Steep grade change over site

SITE SELECTION

OPTION 3: SITE PLAN - WITH EXPANSION

PROPOSED SITE PLAN

OPTION 3 - WITH EXPANSION OF 2,250 SF NTS

SECTION THREE - B: TUFTS OVERALL BUILDING PROGRAM & SPACE PLANNING

TUFTS ARCHIVES NEW PROGRAM

PROPOSED NEW BUILDING PROGRAM

Space	Needs			Subtotal	Notes
	Qty	SF	TOTAL		
<i>Tufts Archives</i>				6,470	
Lobby	1	300	300		
Display	1	2,000	2,000		Open Space
Greeter/Docent Desk	1	150	150		
Records Room	1	250	250		Grey Box Storage and Seating
Public Research Room	1	250	250		Seating for 6-8
Staff Research Room	1	250	250		Seating for 6-8
Archives Storage	1	2,000	2,000		Temperature Controlled
Staff Areas:			0		
Break Area	1	100	100		With Sink, Refrigerator, and MW
Staff Toilet	1	60	60		
Offices	2	100	200		
Meeting Room	1	500	500		Eric Nelson Room
Public Computers	3	30	90		
Public Copy Area	1	120	120		
Loose Seating	1	200	200		Scattered Throughout
<i>Shared Public Common Spaces</i>				320	
Men's Toilet	1	120	120		
Women's Toilet	1	200	200		With Children's Changing Pad
<i>Support Spaces</i>				390	
Utility	1	140	140		
Mechanical	1	90	90		
Storage	1	60	60		
Storage	1	100	100		Lower Level
Total Net SF Required				7,180	
Core Factor				1,280	Circulation, walls, mech, etc...
Total Gross SF Required				8,460	

Given Memorial Library and Tufts Archive- Programming Study

PRELIMINARY SITE SCOPE

The following Preliminary Scopes were developed in response to the findings during the Data Collection phase:

Preliminary Site Scope

- Identify and create entrance for back of house, donations, deliveries, etc.
- Improve signage and way-finding for site and parking
- Improve entrances to become ADA accessible

Introduction

This document covers the initial Programming Phase work completed for the Given Memorial Library and Tufts Archives project. After a thorough analysis of the existing Library and Archives Building and Library Administration Staff needs, Oakley Collier Architects has developed this update to the 2020 Programming Study to accommodate the current and future needs of the Given Memorial Library and Tufts Archives.

This process involved three parts:

- 1. Documentation of the existing spaces to confirm current usage and sizes;
- 2. Three meetings with Library Administration Building User Groups, Village of Pinehurst Staff and Council, Given Memorial Library and Tufts Archives Board Members to review current and projected needs for the buildings
- 3. Compilation of the data gathered in an organized format to establish the parameters for design options & budgets for consideration

PURPOSE & OBJECTIVES

Project Purpose

The purpose of this document is to re-evaluate the current and future programming and space needs of the Given Memorial Library and Tufts Archives, in preparation for the planned renovation and addition of the existing Given Memorial Library and Tufts Archives Building.

Section One: Data Collection

Included in this section is OCA’s outlined approach to the programming study, an existing plan, existing program, and an overview of findings.

Section Two: Departmental Analysis & Programming

Included in this section are departmental needs analyses developed in response to OCA’s findings, as well as individual departmental programs

Section Three: Overall Building Space Planning

Included in this section is an overall building program (based on the compilation of the individual programs). This program is based on the data collected in Section One and the individual needs established in Section Two.

Project Objectives

The objectives of this assessment are to:

- 1. Reassess the current program and confirm an inventory of current & future needs.
- 2. Determine current issues with the existing facility.
- 3. Establish a new program to plan an efficient future space for daily operations.
- 4. Utilize approved program to prepare options for renovation / new construction.

APPROACH & DEVELOPMENT

OCA Process

As there are many complexities involved in a facility needs analysis, a simple approach may often help provide the right answers:

- 1. What do we have?
- 2. What do we need?
- 3. What should we do?
- 4. How should we do it?

The chart above outlines the systematic process used to develop this Preliminary Space Analysis and Programming Study. This broad framework represents a straightforward way of thinking used to approach & solve problems efficiently.

GIVEN AND TUFTS OVERVIEW

Given Memorial Library and Tufts Archives Overview

The Given Memorial Library and Tufts Archives Building serves the population of Pinehurst, surrounding towns, as well as visitors. While being a main cultural building for the Village, the Given Memorial Library and Tufts Archives has provided educational events, youth developmental programming, and a vault of history for the Village.

Current Given Memorial Library and Tufts Archives Building

The Given Memorial Library and Tufts Archives Building is located at 150 Cherokee Road, in the Village of Pinehurst right off of the Village Green. The building was built in 1964 as a gift to the villagers from Sarah Given Larson and with the gift of land on the Green from Richard S. Tufts. Ten years later, the Tufts Archives expansion was complete to the South side of the Given Memorial Library. At the time of its construction, it was adequately sized and organized for the Given Memorial Library and Tufts Archives. In the 59 years since its construction, the Village of Pinehurst has grown significantly and the organizational structure and operations has grown with it. The existing facility does not provide enough space nor allow both the Given Memorial Library and Tufts Archives to operate adequately within its existing building.

Total Gross SF Required				8,460	

OVERVIEW OF FINDINGS - FACILITY

The OCA team met with Given Memorial Library and Tufts Archives staff to evaluate and analyze current needs for each department, and the overall facility. These meetings included in-depth group discussions and walk-through of the existing spaces. Below is a summary highlighting the recurring items noted & discussed. These meetings were also throughly documented in the Meeting Minutes, see (Appendix A) for more detail.

Building Deficiencies & Needs

Growth Space: **The existing facility is at maximum capacity for daily operations;**

- **Some back of house spaces overlap with office space, creating inefficiencies in work flow**
- **Book storage is at maximum capacity**
- **Number of volumes is inadequate for the circulation amount suggested**
- **Building is not ADA accessible at entrances.**
- **Building interior circulation is not accessible.**
- **Non-compliant toilets**
- **Existing building layout has no flexibility for accommodating new programs or reorganization of spaces for better operational efficiency**

Meeting Space: **Not enough meeting space for all group sizes; Eric Nelson room is the only available meeting room currently and is consistently used. Need more group spaces for meetings and programs to accommodate large, medium and small groups; meeting and program spaces should be conveniently located to all user groups as well as visitors to the building.**

Storage **needs** were a common theme for both library and Archives.

- **Existing layout does not accommodate current storage needs in dedicated spaces.**

OVERVIEW OF FINDINGS - SITE

Existing Site Plan

The Given Memorial Library and Tufts Archives is located at 150 Cherokee Road in Pinehurst, NC has a project scope to explore the feasibility of a building renovation or redesign and the impacts on the site layout. This site narrative discusses the existing conditions of the site and indicates potential user and program elements.

Existing Site Conditions

The Village of Pinehurst owns the two parcels that the existing Given Memorial Library and Tufts Archives sit on. At a combined 0.63 acres (PIN 856209062391 and PIN 856209062243) the lots are zoned as PC. The adjacent properties are zoned as PC Public Conservation and also owned by The Village of Pinehurst.

The parcel is within the 1973 National Register Historic District which carries special development requirements and restrictions outlined in the Village of Pinehurst Historic District Standards in the V section, Changes to Existing Commercial Structures.

The site is located in the Cape Fear Basin and is within the WS-IIIP Watershed. This limits development to a twenty-four percent built upon area.

OVERVIEW OF FINDINGS - SITE

(Existing Conditions cont.)

The parcel is served by Village of Pinehurst municipal water and sewer.

The site was originally developed in the 1960's with the construction of the Given Memorial Library, followed by the Tufts Archives addition in 1977.

Site Entry

Vehicular access to the site is from Cherokee Road. This is the only road into the site and the main circulation area through the downtown area of The Village. There is a vehicular/visitor drop off area on the southern and main entrance of the building. There is also an entrance located on the western side of the building at the Tufts Archives. Neither entrance is ADA accessible.

Parking

There are no parking spaces dedicated for the Given Memorial Library and Tufts Archives Building. The Village of Pinehurst has public parking spaces throughout the downtown area.

There are 338 official parking spaces identified by the Village. The Downtown Pinehurst Amenity Action Plan from September 2022, identifies multiple locations for parking available. Parking in close proximity to the site include 16 street parking spaces along the front of the property. The closest parking cluster is the Sand Lot which has 99 spaces. There are also 12+ unofficial parking spaces in undeveloped natural areas to the East of the existing lot.

Service Areas

There is not a designated Service Area to the building. Deliveries come through the front door of the building and are taken to the front desk of the Library. Having boxes stacked around the circulation desk can cause unnecessary congestion and tripping hazards for the public.

OVERVIEW OF FINDINGS - SITE

National Historic Landmark District

The Village of Pinehurst became a National Historic Landmark (NHL) in 1996. The National Park Service monitors the condition of the National Historic Landmark to ensure that they maintain the integrity that they were designated with. In order to maintain the designation on a local level, The Village Council established Pinehurst's Historic Preservation Commission (HPC). The HPC conducts inventory, advises, and regulates the buildings within the Historic District. A Document of Standards was updated in 2021 as the written interpretation of the HPC's rules and regulations.

The Village Green

James Tuft's and Warren Manning's nineteenth-century Pinehurst plan centered an undeveloped oval called the Village Green. The Village green covers approximately 12.25 acres in an oval shape. Originally this oval was covered in grass, pine trees, and concentric roads. Prior to its 1996 NHL designation, two buildings were constructed on the Village Green. The Given Memorial Library was constructed in 1964 and the Village Chapel which was constructed in 1924.

Site Drainage and Management

The site is not located within a floodplain area as shown on FEMA Map Panel 3710856200J effective date 10/16/2006.

OVERVIEW OF FINDINGS - MEP

Existing Mechanical System Deficiencies

- A recurring complaint was that the building temperature is inconsistent throughout the building, all year long.

Existing Electrical System Deficiencies

- Existing infrastructure is not conducive to modern technology needs
- Not enough electrical outlets to support library users personal devices; many bring their personal laptops to work at the library.

Existing Plumbing System Deficiencies

- Many of the existing facilities are not ADA accessible
- There are only two single occupancy toilets shared by both patrons and staff

THE MODERN LIBRARY

A Library that Connects and Cultivates Communities

The information below has been gathered through research of current library needs post COVID-19 Pandemic (Appendix B) as well as library user interviews (Appendix A).

Technology

Libraries provide a crucial connection to technology that allows many people to research, connect, and work for many who do not have access to Internet in the home. Resources that are valuable to provide include access to computers, wireless Internet, printers, and scanners.

Flexibility

Post COVID, our communities have had to flex and grow to accommodate the ever changing climate. Creating a library that not only has flexibility to grow for demand in books and research materials, but also to grow with our communities as need for services may change. Ways to accommodate this flexibility would be flexible seating options, indoor and outdoor seating, multipurpose rooms, and reconfigurable shelving to name a few. Flexible spaces allow the public to collaborate and connect create a vibrant community center within the library. Conference rooms can double as maker-spaces and host classes on various topics, on top of traditional meeting structures.

Digital Books

While access to digital materials in a technology driven age are crucial, libraries serve communities of varying socio and economic backgrounds who may or may not have access to technology. The need for access to physical materials is still present but there is an additional element of providing enough infrastructure to accommodate storage of digital materials. The State Library of North Carolina provides standards for facility design that includes “a long-range facility plan that addresses library usage, projected growth, community needs, and technological changes affecting the delivery of collections, programs, and services. The plan is reviewed annually and revised every five years in a process that includes public input.” (1)

Social

A shift in focus on communities and social services could include physical and virtual learning opportunities, a safe and comfortable environment for all, and breakout community activities. An open dialogue with the community that the library serves would create an innovate and updated service model that best serves the community over time.

1. “Facilities | SLNC.” State Library of North Carolina, 18 Nov. 2021, statelibrary.ncdcr.gov/services-libraries/resources-library-staff/public-library-standards/facilities#Design-1315.

THE MODERN LIBRARY

CHILDREN'S AREA

Departmental Services Provided

The most vibrant program within the Given Memorial Library is the children's programming. The Library provides weekly events for young children and their parents to gather as a community. For example, Tuesday's Playful Learning Program brings in around 20 children's with their parents, totaling around 35 patrons on a weekly basis. Other implemented programs for the Children include a Saturday Craft Area once a month.

Established Physical Needs

The following needs were determined during Data Collection:

- Gathering areas where children can interact without disturbing other patrons
- Separate stack area with increased capacity
- Storage for seating, event supplies, etc.

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Visual connection for library staff
- Connection to Library Living Room
- Improved Public Restrooms, including space for changing tables
- Front Entrance
- Library Lobby
- Increased Children's specific stacks area

CHILDREN'S AREA

Program

Children:		--	--	--		
	Stacks	1	900	900		
	*Program Space	1	400	400		*Also Shown with Children's
	*Program Storage	1	100	100		*Also Shown with Children's
	Loose Seating	1	200	200		

Precedents

YOUNG ADULT AREA

Departmental Services Provided

Currently the Young Adult (YA) area is a YA small stack area within the Given Memorial Library. There is a desire from Library staff to grow the Young Adult program by providing spaces for Middle and High School aged Young Adults. The YA collection within the library has opportunity for growth in order to adequately serve its demographic. The current selection is undeserving he YA population.

Established Physical Needs

The following needs were determined during Data Collection:

- Quiet study spaces with accessible outlets for technology.
- Separate stack area with increased capacity
- Complete YA Book Collection

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Visual connection for library staff
- Connection to Library Living Room
- Improved Public Restrooms
- Computers

YOUNG ADULT AREA

Program

Young Adult:						
	Stacks	1	900	900		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
	Loose Seating	1	200	200		

Precedents

ADULT AREA

Departmental Services Provided

The Adult Programming within the Given Memorial Library has historically been initially a strong interest to library patrons until COVID. With a refocus on programming and appropriately sized program spaces, there will be an increase in library patrons to events. With appropriate spaces, that number is expected to grow.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Library Living Room, a space of small seating areas, puzzle tables, a space for gathering
- Storage for puzzles and newspapers

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Proximity to Adult Stacks
- Library Living Room
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Improved Public Restrooms

ADULT AREA

Program

Adult:						
	Stacks	1	1,030	1,030		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
	Living Room Space	1	400	400		Conversational Seating

Precedents

PROGRAMMING SPACES

Departmental Services Provided

The program spaces within the Given Memorial Library and the Tufts Archives building are used for cultural and educational events. Some types of programs currently held are; Playful Learning time, story time, educational presentations, and book clubs. Events occur on both a regular schedule and also special events. Current programming can see attendance upwards of twenty people per event.

Established Physical Needs

The following needs were determined during Data Collection:

- Storage for tables and chairs
- Open space for many to gather
- Private Meeting Spaces for smaller gatherings/groups

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Staffing
- Front Entrance
- Library Lobby
- Improved Public Restrooms

PROGRAMMING SPACES

Children's Program:		--	--	--		
	*Program Space	1	400	400		*Also Shown with Children's
	*Program Storage	1	100	100		*Also Shown with Children's

	*Large Meeting Room	1	500	500		*Also Shown with Meeting
	*Chair/Table Storage	2	100	200		*Also Shown with Meeting

Precedents

MEETING SPACES

Departmental Services Provided

Meeting Spaces and Study Rooms within the Given Memorial Library and Tufts Archives building are a vital part to community integration. Common uses for meeting spaces discussed in user group meetings were book studies, and attorney meetings.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Multiple spaces available for reservations
- Spaces that are able to be closed off but also maintain visual connection for staff
- Study space with accessible outlets and modern technology (ie, presentation walls, project capabilities, etc.)

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Separation from larger gathering areas
- Front Entrance
- Additional meeting rooms to meet current and future needs
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms
- Improved Public Restrooms

MEETING SPACES

Program

Meeting Room:	--	--	--		
*Medium Meeting Room	1	300	300		*Also Shown with Programming
*Large Meeting Room	1	500	500		*Also Shown with Programming
*Chair/Table Storage	2	100	200		*Also Shown with Programming

Precedents

ADMINISTRATION

Departmental Services Provided

Given Memorial Library staff oversee the day-to-day functions of the library as well as community engagement and programming. Staff are responsible for processing new books, inventory, re-shelving, re-shelving books, checking in and out, logging books into inventory system, ordering books, and managing E-book.

Established Physical Needs

The following needs were determined during Data Collection:

- Flexible Meeting Space, appropriately sized, to accommodate multiple group sizes / used several times/week / can be centrally located
- Additional Office Space to meet current and future needs
- Additional Work Room to meet current and future needs for book processing
- Storage for staff personal items
- Storage for book processing
- Staff Break Room
- Staff Restrooms

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Front Entrance
- Additional Office Space to meet current and future needs
- Front Desk Visual Connection
- Deliveries Intake Area
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

3. Visitors Center 30

- a. Services Provided
- b. Physical Needs
- c. Primary Adjacencies
- d. Program

4. Administration 32

- a. Services Provided
- b. Physical Needs
- c. Primary Adjacencies
- d. Program

Departmental Services Provided

Tufts Archives is constantly processing existing Archives as well as taking in new inventory. Tufts Archives serves as a vault of information for the Village of Pinehurst and displays Pinehurst and Donald Ross’s Course History. Not only a resource for the community, but the Archives also serve as a research base for Architects and Landscape Architects researching Donald Ross’s work.

Established Physical Needs

The following needs were determined during Data Collection:

- Secure Archives Storage
- Archives Lobby
- Additional Office Space to meet current and future needs
- Storage for general office supplies
- Increased quality and quantity of display cases
- Flag Display
- Additional Work Room for staff to be able to work on special projects and process material, private and quiet

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Archives Entrance
- Additional Office Space to meet current and future needs
- Improved Public Restrooms
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

Program

Lobby	1	300	300		
Display	1	2,000	2,000		Open Space
Greeter/Docent Desk	1	150	150		
Records Room	1	250	250		Grey Box Storage and Seating
Public Research Room	1	250	250		Seating for 6-8
Staff Research Room	1	250	250		Seating for 6-8
Archives Storage	1	2,000	2,000		Temperature Controlled

Precedents

PINEHURST HISTORY MUSEUM

Departmental Services Provided

The collection of Pinehurst History artifacts are currently mixed within the Tufts Archives Display.

Established Physical Needs

The following needs were determined during Data Collection:

- Separation of Pinehurst History artifacts from Golf History and the Donald Ross Collection
- Increased quality and quantity of display cases

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Proximity to Lobby
- Visitor's Center
- Improved Public Restrooms
- Meeting Spaces: Study Rooms, Small and Medium Conference Rooms

PINEHURST HISTORY MUSEUM

ADMINISTRATION

Departmental Services Provided

The role of Archives staff is to support the needs of the Archives and museum related to the key resources (Facilities, Program Experience, Digital Infrastructure, Collections, Staff Engagement, Archives Storage and Museum Display) and to oversee decision-making.

Established Physical Needs

The following needs were determined during Data Collection:

- Additional Office Space to meet current and future needs
- Additional Research Room to meet current and future needs
- Storage for staff personal items
- Storage for Facilities & Operations: surplus furniture, specialty cleaning supplies, etc.
- Staff Break Room
- Staff Restrooms

Required Primary Adjacencies

The following Primary Adjacencies for this department were determined during Data Collection:

- Front Entrance
- Additional Office Space to meet current and future needs
- Both Entrances Visual Connection
- Deliveries Intake Area

ADMINISTRATION

4. Site Selection..... 58

 a. Option 1

 b. Option 2

 c. Option 3

GIVEN LIBRARY NEW PROGRAM

Based on individual user group meetings and facility walk-through, the following program summary was developed to meet the current needs for the facility.

Space	Needs			Subtotal	Notes
	Qty	SF	TOTAL		
Given Memorial Library				6,620	
Lobby	1	300	300		
Check-Out / Circulation	1	150	150		
Electronic Check-Out	2	50	100		
Offices:					
Director's Office	1	250	250		Audrey
Office	1	100	100		
Staff Areas:					
Work Room	1	150	150		
Processing/Repair	1	80	80		
Receiving	1	80	80		
Break Area	1	100	100		With Sink, Refrigerator, and MW
Staff Toilet	1	60	60		
Children's Stacks	1	900	900		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Children's Program	1	--	--		
Program Storage	1	100	100		
Adult Reading Room	1				Stacks and "Living Room" Space
Adult Stacks	1	1,030	1,030		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Young Adult Stacks	1	900	900		Estimate Only - Actual Square Footages will Depend on Number of Volumes per Section
Meeting Room	2	500	1,000		Seating for 15-20
Chair/Table Storage	2	100	200		
Small Group Room	4	120	480		4-6 Persons Per Room
Community Closet	1	30	30		Shared/Check-Out Puzzles and other Recreational Items
Loose Seating	1	400	400		Scattered Throughout
Public Computers	3	30	90		
Public Copy Area	1	120	120		

GIVEN LIBRARY NEW PROGRAM

Space	Needs			Subtotal	Notes
	Qty	SF	TOTAL		
Support Spaces				290	
Utility	1	140	140		
Mechanical	1	90	90		
Storage Closet	1	60	60		
Total Net SF Required				6,460	
25% Core Factor		25%		1,615	Circulation, walls, mech, etc...
Total Gross SF Required				8,075	

GIVENS MEMORIAL LIBRARY PROPOSED FLOOR PLAN
HEATED AREA = 6,300 SF NTS

PRELIMINARY SITE SCOPE

The following Preliminary Scopes were developed in response to the findings during the Data Collection phase:

Preliminary Site Scope

- Identify and create entrance for back of house, donations, deliveries, etc.
- Improve signage and way-finding for site and parking
- Improve entrances to become ADA accessible

PRELIMINARY MEP SCOPE

Preliminary Mechanical Scope

- Existing Mechanical systems to be replaced and relocated.
- New system recommendation - standard Air Handler units with VAV's
- Recommend standard Air-Cooled Chiller, Water-Cooled Chiller may be a consideration.
- Recommend more zone control to better regulate temperatures throughout building.
- New systems shall meet all applicable codes.

Preliminary Electrical Scope

- Existing Electrical systems shall be replaced and relocated.
- New system circuits to be appropriately sized to avoid tripped breakers.
- No generator required at this time. The use of UPS systems is adequate for current systems.
- All new lighting to be LED.
- New systems shall meet all applicable codes.

Plumbing Scope

- New system to meet applicable ADA requirements.
- Touch-less Toilets and devices are recommended.
- New drinking fountains to include Bottle Fillers
- Existing water pressure to the building noted as adequate.
- New systems shall meet all applicable codes.

SITE SELECTION

The following Site Options were prepared by Oakley Collier Architects as a schematic exploration of three parcels for the new Given Memorial Library. These three schemes were designed around the updated program, established needs, and developed in collaboration with the users of the building, the Village of Pinehurst, Tufts Given Tufts Foundation, and the architectural project team.

The schematic project options are as follows:

- Option 1** - Parcel across from Village Hall, Magnolia Rd.
- Option 2** - Parcel at the end of Magnolia Rd. by Rattlesnake Trail
- Option 3** - Parcel beside Pinehurst Fire Department, Magnolia Rd.

SITE SELECTION

OPTION 1

The first option explores the feasibility of a new Library building across from Village Hall, 395 Magnolia Road.

In order to achieve the site functionality and organizational needs for the Given Memorial Library, Option 1 would require a two-story building to best use the site. The following scheme was created in response to the programming and space study, in collaboration with building users and the Village of Pinehurst.

Features of Option 1 Include:

- Two-Story Floor Plan
- Lower Lobby
- Separation of Meeting Spaces from the main Library floor
- Outdoor Seating Options
- Stair Tower and Elevator

Benefits of Option 1 include:

- Connectivity to the Village Arboretum
- Creates opportunity for additional event parking
- Shared meeting spaces with Village Hall

Drawbacks of Option 1 include:

- Larger Square Footage
- Steepest Site Option
- Most Sitework Required

OPTION 1: FLOOR PLAN

OPTION 1: SITE PLAN

PROPOSED SITE PLAN

OPTION 1

NTS

MEETING MINUTES

Meeting #2 – Interviews with Village Council and Given Tufts Foundation

PROJECT:	Pinehurst Library and Archives Expansion
DATE:	03-27-2023
PLACE:	Given Memorial Library and Tufts Archive, Village Hall
PRESENT:	Audrey Moriarty, Given Memorial Library and Tufts Archive – Director John Strickland, Village of Pinehurst - Mayor Patrick Pizzella, Village of Pinehurst – Mayor Pro Tem Lydia Boesch, Village of Pinehurst - Treasurer Jeff Morgan, Village of Pinehurst - Councilmember Jane Hogeman, Village of Pinehurst - Councilmember Stuart Mills, Given Tufts Foundation - Chair Richard Keating, Given Tufts Foundation - President Ann Collier, OCA Tim Oakley, OCA Matt Oakley, OCA Rebecca Linker, OCA

The purpose of this meeting is to begin discussions for first phase (Programming & Design Options) for the Given Memorial Library and Tufts Archive. Attendees are listed above and include representatives from Given Memorial Library and Tufts Archive, the Village of Pinehurst, and Oakley Collier Architects. Interviews with representatives were conducted individually with Oakley Collier Architects. Below is a summary of meeting notes/minutes.

1. Meeting Kickoff:

- Brief introduction of today's intent to Audrey Moriarty, Director.
- Meeting Purpose: to understand the goals for the Library and Archives.
- Break into individual meeting groups.

2. Discussion with Given Tufts Foundation:

- Discussions began in 2019 with the Village of Pinehurst about taking over the library.
- Ownership of the library switched to the Village of Pinehurst in April 2022.
- The Foundation Board lead capital campaign to assist in funding.
- **FUTURE GOALS FOR GIVEN MEMORIAL LIBRARY AND TUFTS ARCHIVES:**
 - Believes families with children are very important users of the library.
 - Libraries are important to the county for literacy.
 - There are opportunities between county schools and the library.
 - The library is a cultural institution.
 - Needs to be a USGA complement.
 - The boards priority is the library first and archives second.
 - Keeping the library together with the archive is ideal, but whatever provides the best value for community.
 - There are two different cliental between the library and the archives.
 - Would the old fire station be an option for a site since it is within the "Village Place"?
 - The "Living Room" of Pinehurst should feel welcome to just drop by.
 - Fix issue of parking in the "Village Place"
- Public/Private partnerships in the past

- Fair Barn
- Village Heritage Foundation – Arboretum
- Library/Archives
- History of Olmstead and The Village Green is important to maintain.
- Events Held:
 - Farmer’s Market on the Green
 - Shakespeare in the Pines
 - Live after Five
 - Moved to Rassie Wicker because of parking.
 - Christmas in Pinehurst
- 3. Discussion with Village Councilmembers:**
- **John Strickland**
 - Need to find a way to meet the needs of both the library and archives over a long period of time.
 - Considering building a library in a different location.
 - Important to maintain use of Village Green and maintain the Landmark Status.
 - If addition is possible to the existing building, it needs to be as seamless as possible.
 - Prefers Library and Archives together, but what location makes sense financially and for the community is the best option.
 - Parking is a perceived problem, as there is the sandlot parking nearby.
 - Bookstore that is run by the foundation has a small meeting room, office, coffee shop, and bookstore.
 - ARCHIVE
 - What does “archives” look like in the future?
 - Does it shift to a Museum vs. Archives?
 - With the USGA coming to town with their own collections, how does that affect the archives?
 - Tufts Archives could be Donald Ross Collection and the History Museum of Pinehurst
 - LIBRARY
 - What is the modern library? What is the library of the future? What does the modern library in Pinehurst look like?
 - The library including meeting spaces could duplicate what the Village already has.
 - Do the meeting spaces need to be geared towards a specific demographic to meet needs that aren’t already being met?
 - The library needs to be complementary not duplicative.
 - Communicate with the National Parks Services along the way and get input to design as you move along.
- **Patrick Pizzella**
 - Explore a two-story option so that the footprint does not expand.
 - What would the cost be to expand into the basement?
 - There is always space to be found, you just have to look.
 - The needs assessment is outdated.
 - Pat’s research into general library usage:
 - 10 percent decline in visits to libraries.
 - Book borrowing is down 19%
 - Online visits are up.
 - Personal opinion that 10,000 sf is too big and that library visitors will continue to decline.
 - Multi-use facility
 - Could the library be used for a wedding or event venue?
 - A desire for this to be a first-class facility.
 - Whether its one building or two, the buildings need to be in “Pinehurst style” and not a 10,000-sf building.

- Public likes to be included in decision making and the space needs to be user friendly.
- **Lydia Boesch**
 - Lydia initiated the Parks Service designation.
 - She has worked hard to maintain the status and it is important to keep the Village Green as a NPS designation.
 - This brings in heritage tourism.
 - Archives and Library as an educational tool for the community and residents.
 - Aiming for a top-notch facility.
 - What is wanted now vs the 2019 plan and post COVID-19 pandemic?
 - If we are planning on sharing facilities, at what point is it not appropriate to share?
 - An example would be a small group wanting to meet at the Recreation Center when there is a basketball game going on.
 - Library adds value to a community as a cultural center.
 - In favor of moving the library away from downtown.
 - Separate Archives building from the library building.
 - Tourism can grow with archives and museum spaces.
 - This is a symbol of Pinehurst.
- **Jane Hogeman**
 - The 2019 study was well received but too much space.
 - Important to work with the National Park Service Report
 - Wants Library building to remain cute and diminutive.
 - We don't need to duplicate resources we already have.
 - Supportive of separating archives and the library, keeping archives in existing building.
 - New library building to be modest size.
 - Site Options
 - Magnolia Road
 - Community Road (old fire house) that is small with no parking on site.
 - Rattlesnake Trail (Closer to Greens Apartments, 1 acre site)
 - Closer to schools, development, existing facilities, and parking.
 - Population could be plateauing at no more than 20,000 residents.
 - There is no need for a research library when Sandhills Community College is nearby.
- **Jeff Morgan**
 - Sees no issue separating archives and the library.
 - Practical and functional spaces are most important.
 - Maintaining good standards with the Village Green is important.
 - Space should enhance the community with positive places for children to gather and a nice inviting space for the public to meet up.
 - A multi-use venue type space is not favorable. There is the Fair Barn already for use as a venue in the community.
 - Main Priorities are: 1) Function, 2) Meeting Demands, 3) Staying in Budget
 - There is a drive to increase services for a younger age group and families. This could increase growth in an area to have more residences.

***The above notes constitute the understanding by Oakley Collier Architects of this meeting content.

MEETING MINUTES

Meeting #1 – Interviews with Given Memorial Library and Tufts Archive Staff

PROJECT:	Pinehurst Library and Archives Expansion
DATE:	03-07-2023
PLACE:	Given Memorial Library and Tufts Archive
PRESENT:	Audrey Moriarty, Given Memorial Library and Tufts Archive – Director Melissa Bielby, Given Memorial Library and Tufts Archive – Staff Lori Wright, Given Memorial Library and Tufts Archive – Staff Olivia Haug, Given Memorial Library and Tufts Archive – Staff Karen Haywood, Given Memorial Library and Tufts Archive – Part-Time Staff Julia Forsyth, Given Memorial Library and Tufts Archive – Part-Time Staff Jeff Sanborn, Village of Pinehurst – Village Manager Jeff Batten, Village of Pinehurst – Assistant Village Manager for Operations Doug Willardson, Village of Pinehurst – Assistant Village Manager Ann Collier, OCA Tim Oakley, OCA Matt Oakley, OCA Rebecca Linker, OCA

The purpose of this meeting is to begin discussions for first phase (Programming & Design Options) for the Given Memorial Library and Tufts Archive. Attendees are listed above and include representatives from Given Memorial Library and Tufts Archive, the Village of Pinehurst, and Oakley Collier Architects. Interviews with representatives were conducted individually with Oakley Collier Architects. Below is a summary of meeting notes/minutes.

1. Meeting Kickoff:

- Brief introduction of today's intent to Audrey Moriarty, Director.
- Meeting Purpose: to understand the day-to-day operations of Library and Archives.
- Break into individual meeting groups.

2. Discussion:

- **ARCHITECTURAL STYLE:**
 - Maintaining the current architectural style is very important.
 - Warmth, Personable
 - **LIVING ROOM:**
 - An area within the library with soft seating as well as a long table.
 - Newspaper display and puzzle storage
 - Mixed age groups use this area but is frequently a stop for senior citizens.
- **EXISTING FACILITY OPERATION - LIBRARY:**
 - **LIBRARY OPERATION**
 - Deliveries come to the front desk.
 - **LIBRARY PROGRAMMING**
 - Tuesday's Playful Learning is from 10-2pm for children ages 0-3. Typically, this program brings in an estimated 20 people.
 - Thursday's program is a story time for children.
 - The first Saturday of the month, there are activities and crafts out within the Children's stack area.

- Once a month, the library will host a presentation on various topics.
- The adult program attendance is struggling so programming will stop in May for 6 months to reevaluate the programs offered.
- Current focus is on elementary age children.
- On average there are 4 to 5 small groups that meet at the library using the meeting room. These groups include book clubs, men's groups, attorneys, and tutoring sessions.
- **LIBRARY OPERATION/ADMINISTRATION**
 - Deliveries come to the front desk.
 - New books are ordered on the computer by the Director of the Library.
 - When new books are delivered, they first must be processed. This currently happens either in the shared bookkeeping office/work room or at the front desk.
 - Book processing consists of covering the books and adding genre stickers as well as barcodes.
 - Books are returned and checked out at the front desk. Typically checking them in and out happens at computers at the front desk. Books are then put on a cart and reshelfed during the day.
 - Items at the front desk include computers, RFID scanner, phone, and cash drawer.
- **LIBRARY TECHNOLOGY**
 - Two computers are accessible to the public within the library. There is also access to a printer/scanner.
- **LIBRARY BOOKS**
 - E-Books are reaching check out numbers that are 23 that of regular book checkouts.
 - E-books are at a higher price point than physical books.
 - E-Books can be shared across different library collections.
 - When new books come in, they can stay on the "new" shelf for two months.
 - A new book into the library collection means another book must leave.
 - Audrey says that the library started as 10 books per resident and now the number of residents is growing, making the ratio closer to one book per resident.
 - She estimated needing about 35,000 books to accommodate residents.
 - There are currently 18,000 books in the library.
 - The Young Adult section is the smallest collection in the library.
 - Melissa wants to see an emphasis on the completion of a YA section.
 - There isn't a space for middle/high school students to come study that isn't shared with the children's area.
- **LIBRARY AND ARCHIVES RELATIONSHIP**
 - There isn't a huge overlap between patrons of the library and patrons of the archives.
 - Administration spaces are shared between the Library and Archives
 - Offices
 - Staff Room
 - Bathrooms (also shared with public)
 - Meeting room
 - Storage
- **EXISTING FACILITY OPERATION – ARCHIVES:**
 - **ARCHIVE OPERATION**
 - There is a greeter at the counter that can greet guests as they enter the space.
 - This space is used by golf/landscape architect research, residents, and tour groups.
 - Tour groups vary in all ages and genders. Some examples of tour groups include golf groups, community groups, and schools.
 - Digital records are stored using PastPerfect software which is cloud based.
 - There is currently one staff member in the archives in the morning and two in the afternoon.
 - **ARCHIVE RESEARCH**

- There are two computers and a scanner available for volunteers and staff to do their individual research.
 - There are two tables provided to lay out research materials.
 - **ARCHIVE DISPLAY**
 - There are numerous glass display cases throughout the space, larger display items such as the soda machine, and items displayed on the walls.
 - There is a very popular display of golf course flags around the room that is important to the public that it stays.
 - **ARCHIVE STORAGE**
 - The archives are always accepting new items which increases the need for storage daily.
 - With minimal display space, many of the items are stored in the lower level of the building.
 - There are three freezers as well as shelving and other storage methods in the lower level of the building.
- **EXISTING FACILITY COMPLAINTS:**
 - Not ADA Accessible
 - Front entrance, stacks, and bathrooms not ADA compliant
 - A/C isn't consistent throughout the building.
 - Bathrooms are not ADA accessible and there also is not room for a changing table.
 - Staff share a bathroom with the patrons of the building.
- **NEW FACILITY REQUESTS**
 - LIBRARY:
 - Announcement area for library and public usage.
 - MEETING ROOMS
 - Study rooms available for smaller groups.
 - Chair Storage within meeting rooms
 - Accessible outlets at tables so that patrons can bring their own technology.
 - Quiet reading rooms/spaces within stacks.
 - ARCHIVE
 - Better flag display
 - Melissa would like to see new and improved, modern display cases.
 - There are many items in storage that are not on display that could be if the space was available.
 - Audrey suggests that the grey storage boxes that are currently shelved in the Tufts Archives to be moved to storage since they are not frequently accessed.
 - Office space for Archivist.
 - Desk space for greeter/research.
 - Quiet research space/work room.
 - ADMINISTRATION
 - Private Staff Bathrooms
 - Private staff lockers/storage within break room.
 - Work room with space for book processing.

***The above notes constitute the understanding by Oakley Collier Architects of this meeting content.
Please advise this office of any error or omission.***

PRESENTATION OF STORMWATER MANAGEMENT AND MASTER PLAN ADDITIONAL AGENDA DETAILS:

FROM:

Mike Apke, P.E., Public Services and Engineering Director

DATE OF MEMO:

9/19/2023

MEMO DETAILS:

The Village of Pinehurst previously contracted with McGill Associates to prepare a Stormwater Management and Master Plan. This project originated from a recommendation that was included in the Village's 2019 Comprehensive Plan. The primary purposes of this project are to identify effective stormwater management strategies, evaluate supporting programs and future funding mechanisms, and develop a plan to guide Village staff in addressing the future of stormwater management in Pinehurst.

Representatives from McGill Associates will be in attendance to present their recommendations from the plan to Village Council. Village staff will also be in attendance to assist with the presentation.

ATTACHMENTS:

Description

- ☐ Stormwater Management and Master Plan

Stormwater Management and Master Plan Presentation

Village of Pinehurst
September 26, 2023

Introductions

Mike Apke, P.E., PS & Eng. Dir.

Jeff Batton, Asst. Village Manager

Darryn Burich/Alex Cameron, Planning & Insp. Dir.

Megan Skjellerup, Asst. PS Dir.

Michael Hanson, P.E., LEED AP

David Honeycutt, P.E.

Project Overview

- **Village of Pinehurst (VOP) engaged McGill Associates (McGill) to assist with the preparation of a Stormwater Management and Master Plan**
- **The VOP's 2019 Comprehensive Plan identified the expansion and enhancement of stormwater management efforts as a “Strategic Opportunity” and included several recommendations related to stormwater**

VILLAGE OF PINEHURST, NORTH CAROLINA
2019 COMPREHENSIVE PLAN
ADOPTED: OCTOBER 2019

2019 Comprehensive Plan Recommendations

- **Prepare a comprehensive Stormwater Master Plan to identify effective stormwater management strategies.**
- **Evaluate creating a local stormwater utility for planning, programming, and coordinating future stormwater infrastructure in the community.**
- **Develop and implement rules for post-construction stormwater maintenance requirements.**

	Implementation Strategy/Recommendation	Timeframe
PLAN IMPLEMENTATION MATRIX: SUPPORTING INFRASTRUCTURE & UTILITIES	Supporting Infrastructure & Facilities	
	6.1 Evaluate ways to partner with private entities to bring high-speed broadband Internet and wireless access to Pinehurst. Target areas of the Village that will support near-term economic development initiatives for technology firms and medical-related industries.	3.5 Years
	6.2 Implement the GIS strategic plan to leverage a wide array of GIS tools to better communicate geo-spatial data.	1.2 Years
	6.3 Convert static maps to online interactive digital maps accessible on the Village website.	1.2 Years
	6.4 Evaluate, identify, and purchase land for a future third fire station based on projected development patterns to ensure adequate fire emergency response times.	1.2 Years
	6.5 Identify alternative locations for the Public Services Complex to allow for redevelopment of Village Place.	1.2 Years
	6.6 Evaluate the capacity of Village Hall to meet the increased service needs and demands of residents.	3.5 Years
	6.7 Evaluate the need for an additional Police Station or substation to meet the increased service needs and demands of residents.	1.2 Years
	6.8 Prepare a comprehensive stormwater master plan to identify effective stormwater management strategies.	1.2 Years
	6.9 Evaluate creating a local stormwater utility for planning, programming, and coordinating future stormwater infrastructure in the community.	3.5 Years
	6.10 Develop and implement rules for post-construction stormwater maintenance requirements.	3.5 Years
	6.11 Coordinate with Moore County Public Utilities to ensure adequate water and sewer infrastructure capacity exists to meet the needs of the community and any projected development patterns shown on the Conservation and Growth Map.	Ongoing
	6.12 Coordinate with NC Department of Transportation (NCDOT) to ensure adequate transportation system improvements are made in a timely manner to meet the needs of the community and any projected development patterns shown on the Conservation and Growth Map.	Ongoing
	6.13 Assess whether the community supports a Village-funded library, and if so, explore options for locations and funding sources.	1.2 Years
	6.14 Assess whether the community supports an indoor and/or outdoor performing arts venue, and if so, explore options for locations and funding sources.	5+ Years
	6.15 Consider projecting long-term infrastructure capital needs by infrastructure category beyond the five-year planning horizon of the annual Strategic Operating Plan.	1.2 Years
	6.16 Evaluate the need for a Comprehensive Plan Consistency Statement for Capital Projects.	1.2 Years

What is Stormwater?

- **Simply put, stormwater is water that naturally accumulates as a result of rain or snow**
- **Much of our stormwater infiltrates into our sandy soils, but what doesn't infiltrate typically "runs off" across land or other impervious surfaces like rooftops, streets, parking lots, etc.**
- **At times, heavy rain can result in localized flooding of streets, yards, or even basements or crawlspaces in low lying areas**

Who is Responsible for Stormwater Management?

- **Property owners are ultimately responsible for managing stormwater across their land, including residential lots.**
- **As a property owner, the Village is subject to the same rules and regulations as private property owners on our properties and right-of-way.**
- **Pipes and ditches within the public right-of-way along Village-maintained streets (typically 50 or 60-foot wide) are the responsibility of the Village.**
- **Village Council allocated \$460,000 in FY24 for stormwater projects**

Who is Responsible?

Privately
maintained

Village
maintained

699
Diamondhead Dr S

Community Survey Results

Resident satisfaction with the quality of the stormwater runoff/management system:

FY 19 – 77%

FY 20 – 84%

FY 21 – 83%

FY 22 – 83%

FY 23 – 83%

Staff also reviews satisfaction levels by neighborhood

NPDES Phase II

- **Phase II local governments are required by the State to develop and implement a stormwater management program**
- **Village was considered for the Phase II program by NCDEQ at one time but the State waived us from the program due to existing rules and regulations in place.**
- **Many Phase II communities have established stormwater utilities to fund their mandatory programs.**

Existing Standards and Documents

- **Engineering Standards and Specifications Manual (Adopted 2004)**
- **Storm Drainage Policy and Procedures (Approve by Council October 2004)**
- **Stormwater Pamphlet**
- **Pinehurst Development Ordinances**
- **Flood Damage Prevention Ordinance**
- **NCDEQ Stormwater Design Manual**

10-Year Pre-Post Stormwater Discharge

Existing Standard - ESSM

**10-year event in Pinehurst
5.45 inches/24 hours**

**25-year event in Pinehurst
6.48 inches/24 hours**

**100-year event in Pinehurst
8.15 inches/24 hours**

What Rules Govern Stormwater in North Carolina?

- **In 1977, the NC Supreme Court adopted the “Rule of Reasonable Use” which is based on the premise that water naturally flows downhill.**
- **Private landowners have the legal right to make reasonable use of their land and the person on the lower estate must receive and pass water from the higher estate**
- **Disputes between private landowners can be resolved in civil court actions**

What Rules Govern Stormwater in North Carolina?

- **NCGS 77-13 and 77-14 prohibit the blockage of streams, drainage ways, and easements that move water from higher elevations to lower elevations**
- **“May” be enforced by law enforcement officers or the County Engineer**
- **NCGS 143-214.7 notes that programs shall not require private property owners to install new or increased stormwater controls for preexisting development or redevelopment that do not remove or decrease existing stormwater controls.**

Stormwater Management and Master Plan Scope

- **Primary purposes of Plan are to identify effective strategies, evaluate funding mechanisms, and guide the future of stormwater management in Pinehurst**
- **Project completed in two (2) phases**

Phase 1 Scope of Work

- **Review existing VOP policies, ordinances, regulations, etc.**
- **Gather sample ordinances and policies from seven (7) other communities, compare to the VOP, and discuss pros and cons of implementation in the VOP**
- **Review Work Order tickets to note trends and issues in Pinehurst**
- **Review Design Storm and Return Frequency (10-year)**

Phase 1 Scope of Work

- **Review options/potential restrictions for stormwater discharge from existing developed and proposed development lots in single-family residential areas**
- **Assist with Public Engagement**
- **Provide recommendations for implementing standards for post-construction maintenance**

Public Engagement

- **Public input meeting held at Village Hall on March 23, 2022**
- **Summary overview and video of meeting are available on Engage Pinehurst website**
- **19 comments/concerns were posted to Engage Pinehurst**
- **MyVOP also serves as 24/7 option for public to communicate stormwater issues and concerns**

Did you miss the Public Input Meeting on March 23? You can catch up now!

[View the presentation](#)

[Watch the meeting](#)

The Village of Pinehurst invites the community to a public input meeting for the Stormwater Management and Master Plan process. The public input meeting is Wednesday, March 23, at 6 p.m., at Assembly Hall (395 Magnolia Rd.).

During this meeting, Village staff will introduce engineering consultants that are assisting with a Village-wide plan for stormwater management. The primary purposes of the plan are to identify effective strategies, evaluate funding mechanisms, and guide the future of stormwater management in Pinehurst.

Consultants will give a brief overview of the planning process and gather initial feedback about stormwater concerns from community members.

Those not able to attend the public input meeting will have the opportunity to provide feedback on the Engage Pinehurst platform at www.engage.vopinc.org.

What is Stormwater?

- Strongly put, stormwater is water that naturally runs down as a result of our weather.
- Most of our stormwater runs into our storm drains, but some of it can be captured and used for other purposes like irrigation, flushing, etc.
- All stormwater runs can result in localized flooding of streets, yards, or even businesses or neighborhoods in low-lying areas.

Who's Listening

Mike Apke
Public Services Director
Village of Pinehurst

Phase 2 Scope of Work

- **Assist with solutions in “problem areas” identified in public input phase**
- **Project future funding needs and identify which problem areas may qualify for grant funding**
- **Evaluate advantages, disadvantages, and feasibility of establishing a delegated erosion control program in lieu of using NCDEQ for these services**

Stormwater Enterprise Fund
GIS Database Methodology

Recommendations

1. We recommend VOP implement specific Post-Construction maintenance requirements

- **Sample requirements/O&M Agreement provided to VOP staff for review**
- **Highlights include:**
 - **Property Owner responsible for SCM maintenance**
 - **O&M Agreement requires property owners to maintain, repair, etc. and grants VOP right of entry to inspect**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Recommendations (cont'd)

- **O&M Agreement must be executed before issuance of CO**
- **Property owner must provide annual maintenance/inspection report**
- **VOP will develop specific inspection criteria, frequency and enforcement mechanisms for lack of compliance**
- **HB 488 limits what VOP can do related to financial guarantees**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Recommendations (cont'd)

2. We recommend VOP create a Stormwater Development Manual and adopt specific criteria and procedures for protection of downstream properties.

- **Combine all stormwater rules/regulations/standards into one document**
- **Adopt specific criteria and procedures for protection of downstream properties**
- **Include recommended changes to ESSM, Policy and Procedure document, etc.**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Recommendations (cont'd)

Design Storm and Return Frequency

- 3. We recommend sustaining the current 10-yr pre-post discharge criterion and adding a 2-yr volume criterion.**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Recommendations (cont'd)

POST-CONSTRUCTION STORMWATER MAINTENANCE

4. Develop a proactive inlet, swale and pipe cleaning program.

- **Most prevalent word in MyVOP stormwater requests, FY18-FY22 was “clean”**
- **Many of these were generated by VOP staff to become more proactive**
- **Consider implementing a program where 20% of the system is cleaned on an annual basis, whereby the entire Village is cleaned within a typical 5-year CIP period.**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Recommendations (cont'd)

POST-CONSTRUCTION STORMWATER MAINTENANCE

5. Fund a dedicated stormwater staff person.

- **Based on McGill's discussion with VOP staff, existing workload prohibits existing staff from taking on additional tasks recommended in the SWMP.**
- **Some items (Stormwater Development Manual) may require assistance from a consultant as well.**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Future Considerations

PRE / POST FOR RESIDENTIAL DEVELOPMENT

- 1. Establish a threshold of >2,000 sf added BUA for any SFR lot expansion or redevelopment requires a consultation with the VOP for consideration of stormwater controls.**
- 2. Implement into Stormwater Development Manual.**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Village of Pinehurst

Drainage Problem Area Solutions

Location	Issue	Proposed Work
Chinquapin & Magnolia Road	Road & Right-of-Way (ROW) flooding	Stormwater Pipe Network installation, upsizing of Existing Network
Gun Club Drive	Road flooding, residential flooding complaints	Stormwater Pipe installation, Drainage Ditch excavation
Palmetto & Cherokee Road	Road & ROW flooding	Swale Maintenance
Salem Drive & York Place	Road & ROW flooding	Stormwater Pipe Network installation

Drainage Problem Area Solutions (cont'd)

Location	Issue	Proposed Work
Belair Court & Thunderbird Circle	Residential flooding & drainage complaints	Drainage Ditch excavation, Stormwater Pipe installation
Starlit Lane	Residential flooding, drainage, & grading complaints	Drainage Ditch excavation & Stormwater Pipe Network installation
Blake Boulevard	Road flooding and commercial flooding complaints	clean and inspect the pipe, survey the pipe network, and replace pipe as needed.

Local Erosion Control Program

- **Projects that disturb more than 1 acre go to NCDEQ**
- **Village permits less than 1 acre**
- **Lengthy process to be self-delegated for > 1 acre. HB 488 limits our authority and the fees we can charge, and fees collected from permits are typically not sufficient to offset the cost of administering the program**
- **Additional staff would be needed to administer the program**
- **Recommend not pursuing at this time**

STORMWATER MANAGEMENT AND MASTER PLAN Phase 1

Stormwater Utility

- **Separate fee charged to residents (monthly or annual tax bill) to fund stormwater program**
- **Common among NPDES Phase II communities with mandatory requirements**
- **VOP has \$460,000 per year for stormwater capital projects in 5-year plan (\$2.3M total)**
- **McGill rendered an opinion that the current CIP budget is sufficient to meet the needs of the Village**
- **After consulting with VOP Finance, staff does not recommend a stormwater utility at this time, but this option is available in the future if needed. Staff will also pursue grant opportunities as they present themselves (many options were addressed in the SWMP)**

FEES AND CHARGES SCHEDULE UPDATE HARNESS TRACK ADDITIONAL AGENDA DETAILS:

FROM:

Mark Wagner

CC:

Jeff Sanborn

DATE OF MEMO:

9/17/2023

MEMO DETAILS:

Staff is recommending updates to the Fees and Charges Schedule as it relates to establishing new fees for RV Parking at the Pinehurst Harness Track.

The proposed fees would go into effect on October 1, 2023, for the upcoming Standardbred training season with a monthly rental rate of \$400 per month or a full season rate of \$2,500 per space. Price comparisons were done with local facilities as well as those available at various winter training facilities in the southeast. Pricing at other facilities ranged from \$400 - \$600 per month, all of which provided sewer on site.

There will be a total of six (6) available spaces for rent behind Barn 10 for trainers stabling horses at the Harness Track from October through May. All RVs would be allowed on site beginning on October 1st and would be required to be removed from the property on May 1st annually. Each space will consist of hookups for water and electricity, no sewer or septic tank dumping station is included. It is the responsibility of each RV owner to make arrangements for emptying septic tanks in their vehicle.

The Village attorney has reviewed and approved the attached lease agreement that is being proposed.

Staff appreciates your consideration and is available to answer any questions you may have.

Thank you

ATTACHMENTS:

Description

- ☐ Lease Agreement
- ☐ Fee Schedule Changes 10.01.2023
- ☐ Fee Schedule 10.01.2023
- ☐ Resolution 23-44 Amending Fee Schedule

**VILLAGE OF PINEHURST
PINEHURST HARNESS TRACK FACILITY
TRAILER SPACE LICENSE AGREEMENT**

THAT WHEREAS, _____, (Licensee) has requested of the Village of Pinehurst (Licensor) to License a Recreational Vehicle (RV) space at the Pinehurst Harness Track Facility; and

WHEREAS, the Licensor has agreed to License said RV space at the Pinehurst Harness Track Facility; and

WHEREAS the period of this agreement shall be for seven (7) months from (October 1, 2023, to April 30, 2024).

NOW, THEREFORE, for and in consideration of the RV space, the Licensee agrees to the following:

1. As rental, the Licensee agrees to pay the Licensor **\$400 per month, or \$2,500 per season** (October 1, 2023 – April 30, 2024) for the period of this agreement. Rental includes one (1) RV space at the Pinehurst Harness Track, water and electric service to the space. The Licensee is responsible for paying any costs incurred for emptying the septic tank on their RV, the Licensor does not provide this service. The Licensee shall pay the Licensor the total trailer space rental in full by October 1, 2023, if renting full season, or on the 1st of each month if renting monthly. No proration of monthly fees allowed.

2. The Licensee shall be required to adhere to the following “Hold Harmless” agreement:

a. The Licensee shall, through the signing of this document, indemnify, hold harmless and defend the Licensor and its agents and employees from all suits and actions, including attorney’s fees and all costs of litigation and judgment of every name and description brought against the Licensor as a result of loss, damage or injury to person or property, in conjunction with the Licensee’s use of the licensed premises.

b. The Licensee agrees to protect, defend, indemnify and hold the Licensor, its officers, employees and agents free and harmless from and against any and all losses, penalties, damages, settlement costs, charges, professional fees or other expenses or liabilities of every kind and arising out of or relating to any and all claims, liens, demands, obligations, actions, proceedings, or causes of action of every kind in connection with or arising out of his/her use of Village property and the performances hereof. Licensee further agrees to investigate, handle, respond to, provide defense for and defend the same at his/her sole expense and agrees to bear all other costs and expenses related thereto.

3. The Licensee shall insure his/her property for up to the replacement value of his/her RV and contents and shall also insure his/her RV for a minimum of \$50,000 in general liability insurance. The Licensee shall include the Licenser as an additional insured on his/her insurance policy. The Licensee is responsible for providing the Licenser proof of insurance by a Certificate of Insurance issued by the Licensee's insurance company.

4. The Licensee may install cable service, or satellite service, at his/her expense. The Licensee is responsible for adhering to all applicable federal, state, county and village regulations concerning the installation and operation of said services and must get approval of the Track Superintendent.

5. The Licensee acknowledges that this agreement in no way gives the Licensee any property rights in any real or personal property of the Pinehurst Harness Track Facility or of the Licenser.

6. The Licensee acknowledges that this agreement will terminate on May 1st, 2024, and will not automatically renew. Rental agreements will be updated annually and accepted on a first come, first served basis.

7. By signing this License, Licensee agrees to remove Licensee's RV, at the expense of the Licensee or the expense of the Licensee's estate, no later than May 1st, 2024.

8. It is agreed by both parties that in the event of a breach of any of the conditions, Licenser, at its sole option and upon giving five (5) days written notice, may terminate this License and effective eviction proceedings may begin on the sixth (6) day after notice is given. Any waiver of a breach will not constitute a waiver for all purposes or for any subsequent breach.

9. In the event the License is terminated, the Licensee agrees there shall be no period of holdover, and further, if eviction is necessary the Licensee will be liable for all costs associated therewith.

10. This License is not assignable by Licensee; it is personable to Licensee and the licensed space cannot be sublicensed.

11. This agreement contains the entire agreement among the parties hereto with respect to the subject matter hereof and sets forth all the representatives and warranties of the parties hereto with respect to the subject matter hereof and supersedes all prior or contemporaneous oral and written agreements, representations, warranties or understandings with respect to the subject matter hereof.

12. The following Guidelines apply to all space rentals at the Pinehurst Harness Track:

Pinehurst Harness Track RV Park Guidelines

RV Park General Guidelines:

- The check-in time is 12:00pm. Check out time is 11:00am.
- RVs and campers are subject to Village approval.
- RVs must be in good clean condition.
- For your personal safety, **DO NOT** dig or drive stakes into the ground without permission due to underground electrical cables.
- You are responsible for the conduct of anyone visiting you during your stay.
- Only adults 18 or over are allowed to stay on premises.
- The speed limit is 10 mph throughout the property.
- Quiet hours are from 10:00pm - 8:00am daily. Please be considerate of your neighbors at all times. No loud music or unruly conduct.
- There are no public restrooms on the property so please use your motor home facilities.
- Alcoholic beverages are permitted at your site only. Please keep visibility to a minimum.
- Illegal drugs of any kind are not permitted.
- Unruly conduct, loud or obnoxious behavior will result in your removal from the property, cancellation of rental privileges, and no refund.
- No open campfires, but gas and charcoal grills are allowed. Firepits allowed with Village approval.
- There is no onsite septic dump station. RV's drive to an approved location to empty tanks or contract with a local vendor to come and provide that service.
- Conserve electricity and water. Utility costs are included in your monthly rental amount.

Outside Appearance:

- Your site should always be clean and orderly. Pick up litter, cigarette butts, etc.
- Anyone damaging or destroying property will be required to pay all associated damage charges and will be asked to vacate the property.
- Please do not cut, climb, or put anything in the trees.
- No clotheslines allowed.
- Please store all items except patio furniture neatly under RV.
- Let us know of any conditions requiring our attention.

Vehicles:

- Please park in your designated gravel lot only. 1 vehicle per site is allowed. Check with management regarding the availability of extra parking for guests.
- Washing vehicles in the park is not permitted.
- Do not drive through empty sites or park on grassy areas.

- No vehicle maintenance - only minor emergency repairs.
- No riding ATVs on the premises.

Pets:

- Pets must be approved prior to arrival. We reserve the right to limit the number, size or type of pets.
- No vicious or aggressive animals are allowed.
- No barking dogs.
- Pets must be housed inside your RV unit and must be kept on a leash at any time they are outside the RV unit.
- Please clean up immediately after your pet by discarding solid waste in a plastic bag inside a trash can.

Rates:

- Monthly rates are \$400 per month, due on the first day of each month. No proration for late arrivals or early departures. Availability from October 1st – April 30th.
- Seasonal rates are \$2,500 per season, due in full upon arrival. Availability from October 1st – April 30th.
- To rent an RV space, renters must have horses stabled at the Harness Track for the Standardbred Training Season.
- All vehicles must be moved from the property at the end of the training season on May 1st.

Licensors are not responsible for accidents or injury to guests or property, for loss of money or valuables of any kind, or damages or claims due to fire, theft, accident, acts of God and nature or any other cause. We reserve the right to amend guidelines as necessary. We reserve the right to evict any person without a refund for failure to observe RV Park guidelines. We reserve the right to refuse service to anyone.

13. This agreement shall be governed by and construed in accordance with the laws of the State of North Carolina.

ADMINISTRATION:

Council Adopted Date	Description	Fee/Charge	Unit
Other Charges			
02/2022	Paper Copies	\$0.25	per sheet
01/2016	Overtime Costs if overtime is needed to fulfill a public records request promptly	Actual overtime cost	per request
01/2016	Special Service Charge for public records request involving extensive use of IT resources (> 2 hours of staff time)	Actual labor cost	per request
01/2016	Golf Cart Stickers	\$20.00	per cart
03/2004	Municipal Code Copies: Entire Code	\$0.10	per sheet
03/2004	Supplements	\$1.00	per sheet
03/2004	Non-Sufficient Funds (NSF)	\$35.00	per return
12/2007	Late Payment of Code Enforcement Invoices	1.5%	per month on balance unpaid after 30 days
<u>Rental Fees for Use of Village Rooms</u>			
Rental fees and deposit requirements apply to non-profit organizations whose principal operating office is not within the Village of Pinehurst and to private groups or individuals.			
The deposit is due in advance to secure reservation of the date, to ensure adequate clean up following the event and to recover any and all damage costs to the facility or equipment. Cancellation of an event results in forfeiture of all or a part of the deposit (30 days or less 100% retained, 31 days or more 50% retained). Deposits are refundable if facilities are properly cleaned by the user following the event and no damage to the facilities or the audio visual equipment has occurred.			
A pre-meeting training session with a representative from the IT Department is required prior to utilizing the audio visual equipment for the first time. If IT assistance with the audio visual equipment is needed during the rental period, the Audio visual assistance fee will be charged. The Village Manager has the right to waive the deposit and fee requirement if deemed appropriate.			
12/2007	Deposit – Assembly Hall & Station 91 Conference Room: Audio visual equipment is <u>not</u> utilized	\$100.00	per event
12/2007	Audio visual equipment is utilized	\$200.00	per event
12/2007	Rental Fee – Conference Room: Up to 3 hours: Resident	\$25.00	per event
12/2007	Non-Resident	\$50.00	per event
12/2007	More than 3 hours	\$25.00	per hour

RECREATION – FAIR BARN:

Council Adopted Date	Description	Fee/Charge	Unit
Facility Rental			
Fair Barn can be rented under the following two options: the applicable base fee plus a package rate for all amenities or, for renters who use only tables and chairs, the applicable base fee plus a per table/chair fee. If any amenity is requested, other than tables and chairs, the package rate applies. Non-profits will only be charged the applicable base fee and may use all Fair Barn amenities.			
Fees will be waived for Village departments, non-profits under contract to provide direct services on behalf of the Village, non-profits who spend a majority (greater than 50%) of their financial expenditures for enhancement to Village-owned facilities, and other governmental agencies that have reciprocal facility use agreements with the Village. Non-profits and other governmental agencies that fit these categories are restricted to no more than three days of free use per calendar year. Additional uses are at the established non-profit rate.			
02/2023	Base Fee Full Day (14 hours or less) *: Resident Non-Resident Non-Profit** Commercial	\$2,130.00 \$2,580.00 \$1,500.00 \$2,880.00	per day

Fair Barn Fees and Charges Definition			
12/2003	Categories of Renters:		
12/2003	<u>Resident:</u> Non-commercial, private individual that resides or owns property within the corporate limits of the Village of Pinehurst.		
12/2003	<u>Non-Resident:</u> Non-commercial, private individual that does not own property within the corporate limits of the Village of Pinehurst.		
12/2003	<u>Non-Profit:</u> Any organization assigned an IRS tax status of 501(c)3, (c)4, (c)5, (c)6 or (c)7 with a physical location or offices located within Moore County, NC.		
12/2003	<u>Commercial:</u> Any individual, sole proprietorship, corporation, business, or other entity that does not qualify under any other renter category.		
07/2017	<u>Corporate Meeting:</u> Any Commercial or Non-Profit renter using the facility Monday through Thursday between the hours of 8:00 AM and 5:00 PM. Rates are inclusive of all amenities such as tables and chairs charged under Other Fees in this Schedule.		
The Village of Pinehurst reserves the right to define the renter category based on the usage.			

**VILLAGE OF PINEHURST
FEES AND CHARGES SCHEDULE
EFFECTIVE OCTOBER 1, 2023**

RECREATION – FAIR BARN (continued):

Council Adopted Date	Description	Fee/Charge	Unit
Other Definitions			
12/2003	<u>Deposit:</u> Amount due in advance to secure reservation of date, adequate clean up following the event and to recover any and all damage costs to the facility. Cancellation of an event results in forfeiture of the deposit per the Fee Schedule.		
07/2017	<u>Base Fee:</u> Minimum charge paid by all renters of the Fair Barn. Base fee must be paid in full at least ten business days prior to rental. The Weekday rate applies to any single event that occupies the facility for one day but does not apply to any event held on consecutive days or on Holidays. The Weekday rate applies to any one (1) day rental held on Monday through Thursday, which lasts no more than 8 hours, and rental must be completed and properly cleaned by 8:00 p.m. This time period must include all preparations for caterers, florists, exhibit setup, decorating, etc. and clean up after the event. Weekday rentals that go beyond the specified closing time of 8:00 p.m. will be billed an additional amount equal to the applicable Full Day rate.		
07/2017	<u>Other Fees:</u> Charges for additional services or equipment provided by the Fair Barn. All other fees associated with a rental must be paid in full at least ten business days prior to rental.		
12/2003	<u>Sponsored/Co-Sponsored:</u> Events presented by, or coordinated with, the Village of Pinehurst per the "Village Sponsorship of Events" policy.		
12/2003	<u>Special Use:</u> An event or activity, not sponsored or co-sponsored by the Village of Pinehurst, that, due to its size, scope, timing or other unusual characteristic or requirement, that qualifies as being beyond what is considered a normal and customary use of the facility. Criteria to determine if an event qualifies as a special use may include factors such as number of participants/spectators, economic factors such as estimated revenues and expenses, nature and type of event and extent of work required by the Village Staff that is above and beyond what is normal and customary. Examples of events that may qualify as special use are functions associated with other major events, athletic events, special events held on Track grounds generating a minimum of \$7,500 in revenue, special attractions and/or demonstrations.

RECREATION – HARNESS TRACK (continued):

Council Adopted Date	
Harness Track Fees and Charges Definitions	
01/2012	<u>Ground Use Fee:</u> To be charged to all individuals or groups who wish to reserve and use the Harness Track grounds. The Village of Pinehurst does not charge Ground Use Fees for general use by the public such as walking, golfing, etc.; Standardbred training; and Resort stable usage. Sponsored/co-sponsored activities by the Village with outside entities will negotiate a usage fee per the discretion of the Parks and Recreation Director. Set up and cleanup is part of the rental time period and is the sole responsibility of the renting individual or group. Priority for rentals will be given to individuals or groups requesting use of the Show Rings.
01/1997	<u>Clean Up Deposit:</u> The Village requires all renters of the Harness Track grounds or any office to be used as the Show Office to supply a deposit. The Village of Pinehurst based on whether the facility is left clean by the user may retain all, a portion of, or none of the deposit.
01/2011	<u>Standardbred Fee:</u> Standardbred fees are charged according to the Fee Schedule. Improved Grooms Quarters refer to rooms with direct access to a combination of water/sewer and heat system. Un-Improved Grooms Quarters refer to rooms without access to water/sewer and heating. The Standardbred season is defined as the period from October 15 – May 1. Priority for stall reservations will be given to Full Season stall rentals. Monthly Stall rentals will be available on a first come, first served basis after all Full Season stalls have been assigned. Payments received in full, in advance or upon arrival for all Full Season stalls, will receive a 5% discount.
10/2023	<u>Recreational Vehicle Space License:</u> Fee to be charged to those requesting to license a recreational vehicle space at the Pinehurst Harness Track facility. The full season for recreational vehicle space license is designated for seven months from October 1 – April 30.
01/2014	<u>Horse Shows:</u> Horse Shows are charged the Ground Use Fee plus all other applicable charges listed in the Fee Schedule. Overtime hours for staff will be billed at the established rate as per the Village's Service Fee Policy. Fees related to inspections of tents will be waived for all horse shows held on the grounds.
01/1997	<u>Other:</u> Tack Shop, Track Restaurant, and Barn 19 each have their own lease agreements, which are renewed annually with an adjustment according to the Consumer Price Index (CPI).
07/2017	<u>Special Event Use:</u> To be charged to all individuals or groups who wish to reserve and use the Harness Track grounds for any event or activity not sponsored/co-sponsored by the Village. Examples could include concerts, car shows, large gatherings that will have a significant impact on the facility. Set up and cleanup is part of the rental time period and is the sole responsibility of the renting individual or group.

RECREATION – PARKS and RECREATION (continued):

Council Adopted Date	Description	Fee/Charge	Unit
Rental Fees for Use of Arboretum and Tufts Park Rental fees and deposit requirements apply to individual, groups and non-profit organizations based on the location of principal operating office/residence. The deposit is due in advance to secure reservation of the date, to ensure adequate clean up following the event and to recover any and all damage costs to the grounds. Cancellation of an event results in forfeiture of all or a part of the deposit (90 days or less 100% of the deposit will be retained, 91 days or more 50% of the deposit will be retained). Deposits are refundable if grounds are properly cleaned by the user following the event and no damage to the grounds has occurred. Fees will be waived for Village departments, non-profits under contract to provide direct services on behalf of the Village, non-profits who spend a majority (greater than 50%) of their financial expenditures for enhancement to Village-owned facilities, and other governmental agencies that have reciprocal facility use agreements with the Village. Non-profits and other governmental agencies that fit these categories are restricted to no more than three days of free use per calendar year. Additional uses are at the established non-profit rate.			
Arboretum Lawn The Arboretum lawn is divided into three separate areas available for rent. The Pergola Garden is adjacent to the Assembly Hall, Joyce's Meadow is the large field below the Pergola Garden and the Magnolia Lawn is between the Entrance Structure and Overlook near the intersection of McCaskill and Magnolia Roads.			
If more than one amenity is requested to be used, the package rate will apply per day.			
Timmel Pavilion Only (includes tables and chairs)

RECREATION – PARKS AND RECREATION (continued):

Council Adopted Date	Description	Fee/Charge	Unit
Rental Fees for Use of Community Center Rental fees and deposit requirements apply to individuals, groups and non-profit organizations based on the location of principal operating office/residence. The deposit is due in advance to secure reservation of the date, to ensure adequate clean up following the event and to recover any and all damage costs to the facility. Cancellation of an event results in forfeiture of all or a part of the deposit (14 days or less 100% of the deposit will be retained, 15 days or more 100% of the deposit will be refunded). Deposits are refundable if facility is properly cleaned by the user following the event and no damage to the facility has occurred. If more than one amenity is requested to be used, the package rate will apply per day. All kitchen rentals require additional kitchen cleaning fee as noted below. Weekend rental is for Friday – Sunday. Weekday rental is for Monday – Thursday.

RECREATION – PARKS and RECREATION (continued):

Council Adopted Date	
Parks and Recreation Fees and Charges Definitions In circumstances where demand is expected to exceed supply for classes and programs, Pinehurst residents will receive priority in registration by the establishment of advance registration dates open to Pinehurst residents only. Participants must live, own property, work, or go to school in Moore County. The parent(s) of youth participants must live, own property, work, or go to school in Moore County.	
01/1997	<u>Athletic Events:</u> Sport related programs that are held infrequently and last less than five consecutive days and/or are not limited to a minimum or a maximum number of participants (provided there are no facility or logistical limitations).
01/1997	<u>Athletic Leagues:</u> Organized sport related programs that encompass a certain number of teams.
01/1997	<u>Classes:</u> Programs that require more than one meeting time to complete.
12/2007	<u>Day Camp Deposit:</u> Amount due at registration to secure slot for each participant, per session. Deposit is non-refundable.
01/1997	<u>Facility Rental:</u> Fee charged for the use of Village owned property.
01/2012	<u>Facility Supervisor:</u> A person employed by the Parks and Recreation department who is responsible for opening a facility for rental, providing necessary equipment, and locking facility at the conclusion of rental.
01/1997	<u>Indigent Youth:</u> Child under the age of 18 and still enrolled in school who, or whose parents or guardian, are receiving governmental financial assistance.
07/2016	<u>Non-Profit:</u> Any organization assigned an IRS tax status of 501(c)3, (c)4, (c)5, (c)6 or (c)7 with a physical location or offices located within Moore County, NC.
01/1997	<u>Non-Resident:</u> A person who does not reside inside the Village limits of Pinehurst nor who, or whose parents or guardian, pays Village of Pinehurst property taxes.
01/1997	<u>Resident:</u> A person who resides inside the Village limits of Pinehurst or whose parents or guardian, pays Village of Pinehurst Property taxes.
01/1997	<u>Special Events:</u> Programs that are held infrequently, last less than five consecutive days and/or are not limited to a minimum or a maximum number of participants (provided there is not facility or logistical limitations).
01/1997	<u>Trips:</u> Organized travel for a specific purpose.
01/1997	<u>Workshops:</u> One-day programs that are limited to a set minimum and maximum.

FEES AND CHARGES SCHEDULE
EFFECTIVE OCTOBER 1, 2023**

RECREATION – PARKS and RECREATION (continued):

Council Adopted Date	
02/2022	Refund Policy
Purpose To adopt a fair and equitable refund policy for all fee based classes, programs, and leagues that allows for sufficient cancellation time for programs with participant deficits. Coverage This policy, upon adoption by the Village Council, shall be applicable to all individuals registered in fee based programs conducted by the Parks and Recreation Department until such time as it is altered, modified, or rescinded by the Village Council. Policy If the department cancels a program, class, activity, or facility reservation, a FULL refund will be issued in the form of a check within two (2) weeks. Once a person or team has registered for a program, class, activity, or league, or has reserved a facility or equipment, NO REFUNDS will be issued to that person or team UNLESS the department receives a request in writing five (5) working days prior to the first scheduled day of the program, class, activity, league action, or reservation. When an individual registrant has cancelled under certain circumstances that qualify the individual for a refund, the refund will be equal to the amount paid by the registrant, less a \$10.00 administrative fee and any non-refundable deposits that may be applicable. A refund may be applied in the form of a credit to the registrant's account in lieu of a refund check. If a registrant cancels participation in a trip, a full refund, less a \$10.00 administrative fee and any non-refundable deposits, will be issued if the trip is fully subscribed and the registrant's slot is filled. Otherwise, there will be no refund. Inclement Weather Policy – Shelters and Athletic Fields Rentals may be transferred to another available day or a refund may be given if the following occurs: • If lights are used, notice shall be given before lights are scheduled to come on. • If inclement weather occurs during the rental, notice shall be given as soon as a decision to cancel has been made and a partial refund/credit may be given. • When lights are not reserved, notice shall be given within twenty four (24) hours of rental. The Parks and Recreation Director will determine refunds in any special circumstance not addressed by this policy.	

**VILLAGE OF PINEHURST
FEES AND CHARGES SCHEDULE
EFFECTIVE OCTOBER 1, 2023**

VILLAGE- WIDE:

Council Adopted Date	
07/2013	
Upon approval, the fees and charges outlined in this schedule will be applied to all activities and events scheduled to occur after the effective date of the schedule. For example, a Fair Barn event booked after the approval date that will occur after the effective date will be billed at the newly established rates. The Village Manager or designee may charge a fee not included in the fee schedule but are deemed appropriate for unique situations. Fees for Co-Sponsored events will be determined by the Village Manager or designee. The Village Manager or designee may waive any fee that is deemed in the best interest of the community.	

RESOLUTION #23-44:

A RESOLUTION AMENDING THE VILLAGE OF PINEHURST FEES AND CHARGES SCHEDULE

THAT WHEREAS, the Village Council of the Village of Pinehurst adopted a Pinehurst Fees and Charges Schedule on the 9th day of March, 2004; and

WHEREAS, it is the policy of the Village of Pinehurst to review and amend the Fees and Charges Schedule on an annual basis, or as deemed necessary; and

WHEREAS, the Village Council, after considering all of the facts and circumstances surrounding the proposed amendments to the Pinehurst Fees and Charges Schedule, have determined that it is in the best interest of the Village of Pinehurst to make the amendments as requested.

NOW, THEREFORE, BE IT RESOLVED by the Village Council of the Village of Pinehurst, North Carolina in the regular meeting assembled on the 26th day of September, 2023, as follows:

SECTION 1. That the attached “Village of Pinehurst Fees and Charges Schedule,” is hereby adopted effective October 1, 2023, said schedule attached hereto as (Exhibit A) is made a part hereof, the same as if included verbatim.

SECTION 2. That all resolutions or sections thereof in conflict herewith are hereby repealed and declared null and void from and after the date of adoption of this resolution.

SECTION 3. That this Resolution shall be and remain in full force and effect from the date of its adoption.

THIS RESOLUTION passed and adopted this 26th day of September, 2023.

**PRESENTATION OF THE FY 2023 COMMUNITY SURVEY RESULTS
ADDITIONAL AGENDA DETAILS:**

FROM:

Matthew McKirahan

CC:

Jeff Sanborn

DATE OF MEMO:

9/18/2023

MEMO DETAILS:

The Village recently conducted its twelfth annual Community Survey. The Village contracted with ETC Institute of Olathe, Kansas to gather input from residents on a broad spectrum of Village services. The information gathered from the survey will help the Village set community priorities including staffing and budget expenditures, determine areas or services that need improvement, and identify future needs.

Staff will present the attached survey on the 2023 Community Surveys.

ETC Institute administered the DirectionFinder® survey. An electronic version of the Community Survey report is attached. ETC's final report includes:

- A summary of the methodology for administering the survey and major findings
- Charts and graphs for each question on the survey
- Benchmarking data that shows how the results for the Village of Pinehurst compare to other communities
- Tables that show the results for each question on the survey
- A copy of the survey instrument

We look forward to reviewing the findings with you.

Survey Partner: ETC

A National Leader in Market Research for Local Governmental Organizations

...helping local governments gather and use survey data to enhance organizational performance for more than 35 years

More than 2,200,000 Persons Surveyed Since 2010 for more than 900 communities in 49 States

Agenda

- Purpose and Methodology
- General Overview
- Major Findings
- Summary
- Questions

Purpose

- To objectively assess resident satisfaction with the delivery of major Village services
- To help determine priorities for the Village
- To measure trends from previous surveys
- To compare the Village's performance with residents regionally and nationally

Methodology

- **Survey Description**

- ☐ Seven-page survey; included many of the same questions that were asked in previous years
- ☐ 12th Resident Survey conducted for the Village

- **Method of Administration**

- ☐ By mail and online to a random sample of Village residents
- ☐ Approximate survey time: 15-20 minutes

- **Sample size:**

- ☐ Completed surveys: 703 (Goal of 700)
- ☐ Demographics of survey respondents accurately reflects the actual population of the Village

- **Confidence level:** 95%

- **Margin of error:** +/- 3.7% overall

General Overview

Residents Have a Very Positive Perception of the Village

- ❖ 94% rated Pinehurst as an excellent or good place to live
- ❖ 96% of residents indicated that their overall feeling of safety in the Village as either excellent or good

The Village Is Moving in the Right Direction

- ❖ Satisfaction ratings have increased or stayed the same in 16 of 93 areas since 2022, and 41 of 69 areas since 2013

Overall Community Priorities (Same as 2022)

- ❖ Efforts at maintaining the quality of neighborhoods
- ❖ Enforcement of Village codes and ordinances
- ❖ Level of public involvement in local decisions
