

**VILLAGE OF PINEHURST
BUDGET AMENDMENTS APPROVED BY BUDGET OFFICER
FOR THE PERIOD AUGUST 6 - SEPTEMBER 15, 2014**

Under Village of Pinehurst Ordinance #14-25, the Village Council grants the Budget Officer, or Village Manager the ability to transfer appropriations under specific conditions. These conditions allow transfers of up to \$10,000 between departments (including contingency) of the same fund for the 2014-2015 Budget. The Budget Officer may **not** transfer monies between funds at any time.

According to Section 159-15 of The Local Government Budget and Fiscal Control Act, "any such transfers shall be reported to the governing board at its next regular meeting and shall be entered in the minutes". Listed below are the amendments authorized by the Budget Officer for the period specified above.

Note: Since appropriations are made at the department level, line item adjustments within the same department may be made without limit and do not require a report since they do not actually amend the adopted budget ordinance.

ST.ANDREWS TRIANGLE PGC HOLLY BRANCH PROJECT

The Pinehurst Garden Club is a group of volunteers whose purpose is to encourage home and community horticultural improvements. Members volunteer their time to county - wide beautification and environmental projects.

The Holly Branch, one of the Club's five branches, has collaborated with the Village to manage and maintain the landscaping on the St. Andrews Triangle.

Holly planned and coordinated the existing landscape design approximately twenty years ago. Originally, Holly was in charge of maintaining the entire Triangle. At the present time, we are in charge of maintaining and improving the inner oval bed. Due to out-growing the beds 3 years ago, the spirea and loropetalum bushes were removed and relocated to other village beds. These were replaced with day lilies. Originally there were 4 Bradford Pear Trees in the Triangle. Last year one was damaged by a storm and was cut down. The other 3 Bradford Pear Trees need to be trimmed professionally. In addition, the bed needs to be repositioned so that it can be more readily seen from all three sides and enlarged to accommodate annual plantings

A team of Holly members has researched and designed a new landscaping plan, consulting with Bart O'Conner, during the planning process. The team took into account the following considerations: a) the Village of Pinehurst Right of Way Planting Guidelines including sight-lines; b) soil conditions; c) climate requirements; d) irrigation; and e) sound landscaping principles.

The new landscape plan maintains continuity with the Village's current landscaping and adheres with Village planting guidelines. The new design reconfigures the planting area, from odd shaped oval to round and increases the size by 2/3. It incorporates landscaping principles including: a) using a variety of

plants; b) providing an attractive venue for all seasons; c) using flowering plants; d) utilizing leaves with different colors for variegation e) varying the heights of plants; f) including multiple textures for greater interest. The plan provides an area for spring and fall planting of annuals. The new position of the bed will enhance the view from all sides.

The focal point of the garden will be the existing beautiful Weeping Yaupon. Eight Gold Cypress shrubs will highlight of the upper portion of the bed spaced around the Weeping Yaupon. Pink Muhly ornamental grasses and a bed of transplanted lilies will add year round texture, color and seasonal interest. Ten flats of annuals will provide additional color in a bed on the lower portion of the new circle bed.

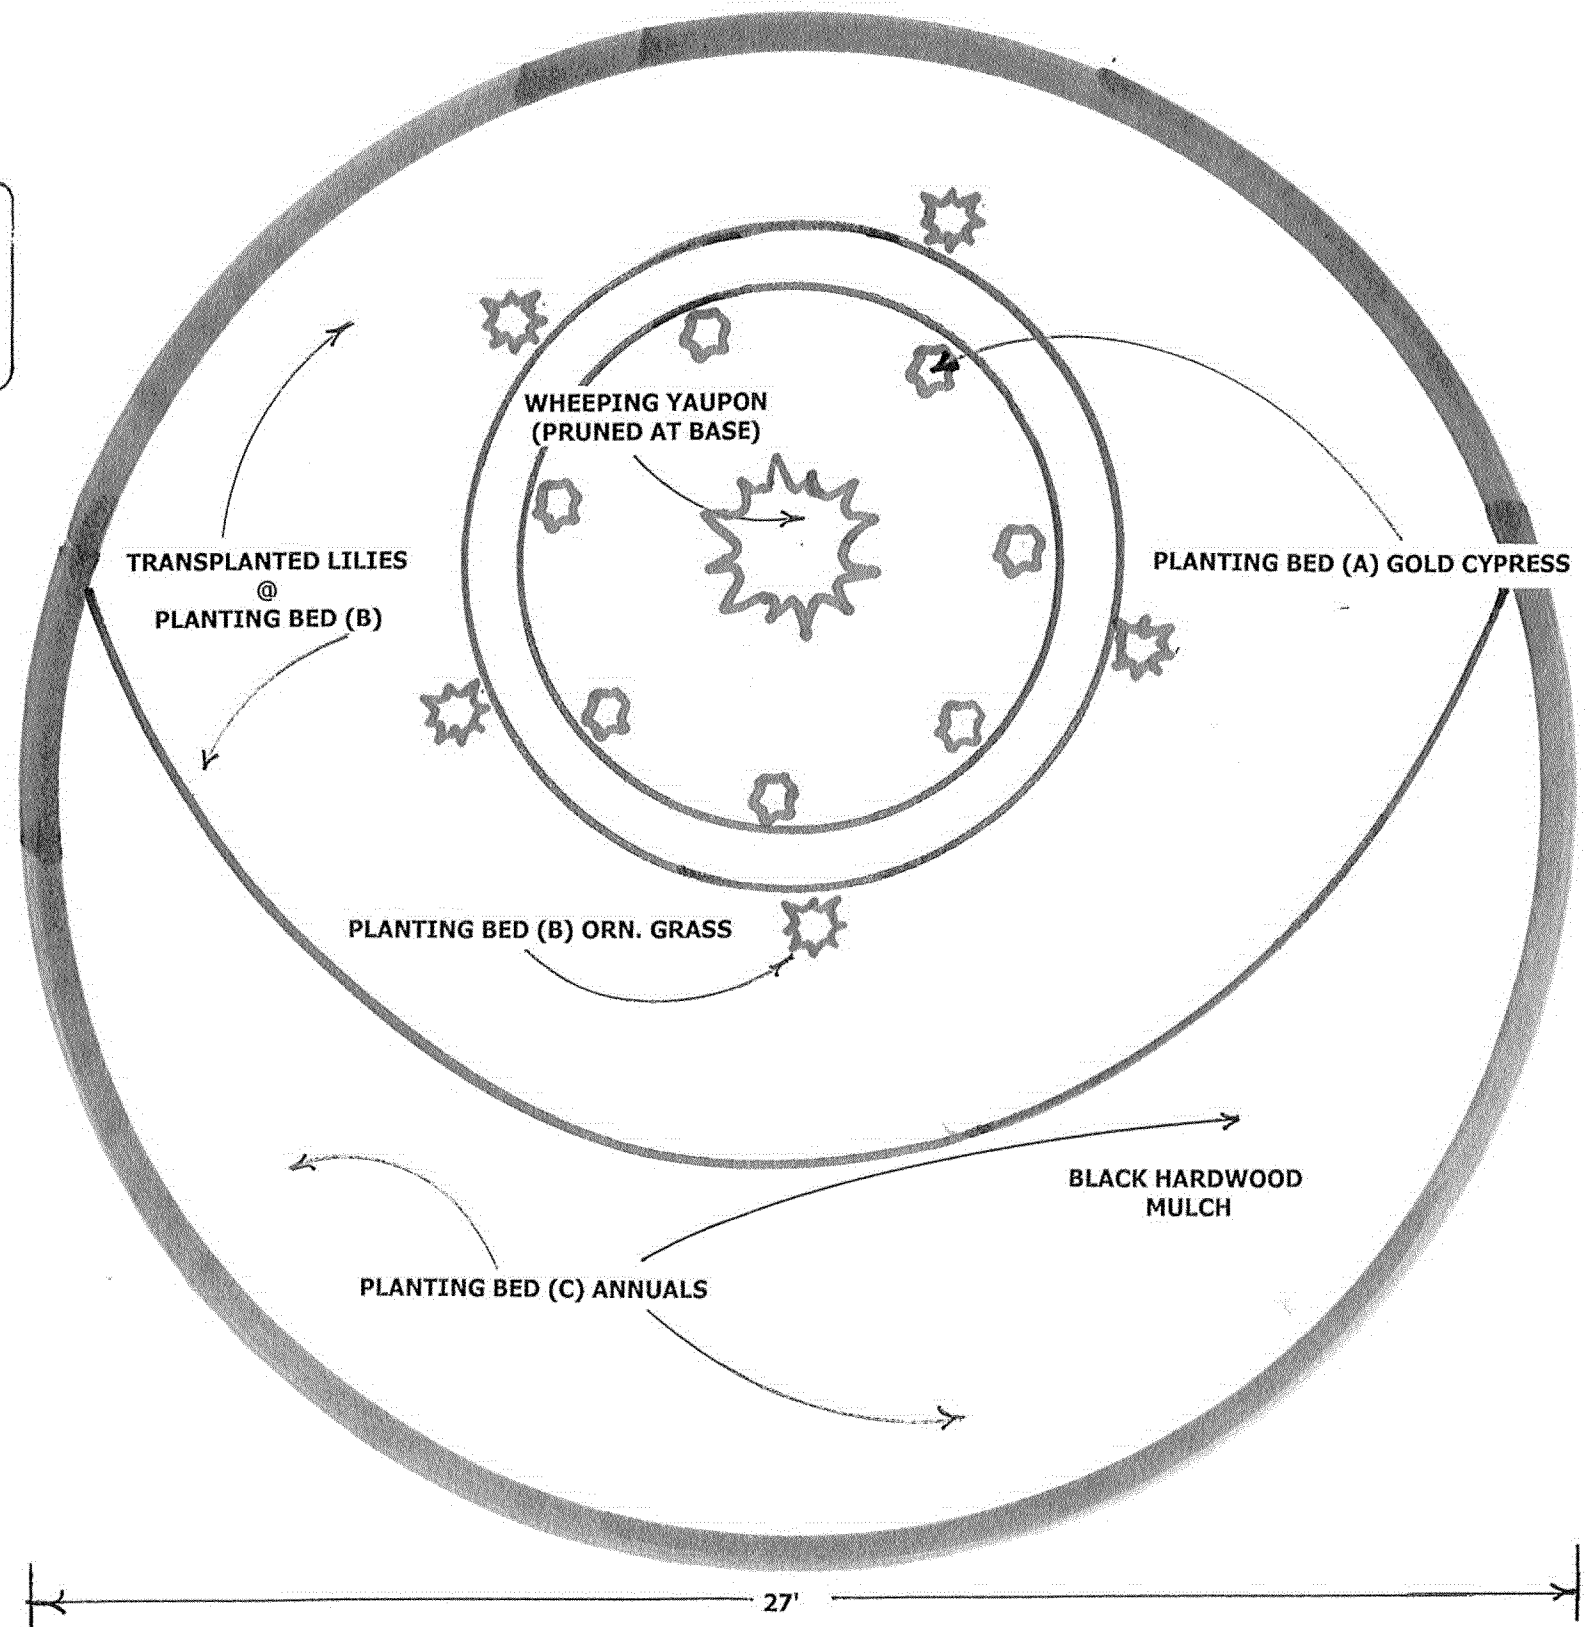

The cost to reconfigure the area is \$1,445 which includes all landscaping, pruning and clean up.

The Holly branch will plant the shrubs, grasses, lilies and annuals and continue to maintain the garden in upcoming years.

Thank you for your consideration of this project.

Pinehurst Concours d'Elegance Event Analysis/Sponsorship Opportunity

The Pinehurst Concours d'Elegance, continues to develop into a premier event for the Pinehurst area. Year two produced growth in ticket sales, sponsorships and overall awareness, however the growth has been below expectations. Historically the premier Concours events like Pebble Beach and Amelia Island have taken several years to reach a point where the events can sustain themselves with ticket sales and sponsorships. In addition, as the events gained stature, add-on events started to materialize, which have helped these Concours grow to the mega-events they are today. Local economic impact for these events have reach multimillion dollar levels annually.

The Pinehurst Concours d'Elegance event is at a critical point, which will require the local community to increase their support of this event in order for the operators of the Concours to further invest in this luxury car show to assure long-term sustainability for this premier event in Pinehurst. A significant investment continues to be made by the event Executive Director Jay Howard and his private investors, but in order for the event to continue to grow and thrive in our community, assistance is needed to show significant growth in ticket sales and sponsorships. The goals for 2015 include:

- Development of a more productive group ticket sales program (Ambassadors)
- Realigning available sponsorship programs and packages
- Enhancement of the invited car quality for the Concours
- Creation of a productive car sourcing group and expanded geographic reach
- Increase ticket sales locally and to a regional drive-in market (2.5 hours)
- Research the feasibility of a North Carolina based Advisory Board for the Concours
- Engage the local business community for sponsorship and promotion of the Concours
- Develop event partnerships with the Village of Pinehurst, Pinehurst Resort and the Pinehurst Area Convention & Visitors Bureau

Progress Report:

- Judging team reorganized with a new Chief Judge
- Concours format to include expanded participation from public car clubs
- Concours ticket value enhanced to include multiple day events
- Pinehurst Resort has agreed to partner with the Concours with a financial commitment

- Pinehurst Area Convention & Visitors Bureau has agreed to on-site hospitality sponsorship and enhanced event promotion to drive ticket sales
- Participating charities will be required to have a greater operations presence during the Concours

The Opportunity:

The Pinehurst Concours d'Elegance has the potential for rapid growth the future. Similar events with the same model are thriving and continue to break records for attendance and revenues each year. This event offers a new demographic customer for the Pinehurst community and unique opportunities for strong media promotion/exposure outside of the golf world. Partnering with the Concours provides the Village of Pinehurst with a "vehicle" to drive added exposure to the Village, revenues to area merchants and a community-wide economic impact that could rival the major golf championships that have been held in Pinehurst. This partnership support at the event's infant stages will be critical to the long-term association the Concours d'Elegance has with the Pinehurst community.

The Village of Pinehurst Sponsorship will include:

- Exclusive sponsorship of the Saturday afternoon/evening events held in the Village of Pinehurst to include:
 - Car Shows and Displays
 - Concert/Entertainment in Tuft's Park
- Village of Pinehurst name and logo on all promotional collateral materials for the Pinehurst Concours d' Elegance to include:
 - Promotional brochures
 - Promotional ticket advertisements
 - Event banners and signs
 - Event program
- Opportunity to present a Village of Pinehurst sponsored award during the Concours d' Elegance (Category provided by Concours)
- Invitations (10) to attend the Pinehurst Concours d'Elegance Welcome Reception (Friday)
- Invitations (2) to attend the Pinehurst Concours d'Elegance Ambassador Dinner (Saturday)
- Exclusive discounted ticket pricing for Village of Pinehurst residents
- 100 Concours d'Elegance general admission tickets
