but no other ex parte communication, and Mr. Ecker, who stated he did not visit either location as he only took his oath of office today.

Mr. Taylor explained the procedures of a quasi-judicial public hearing.

Mr. Cassidy and Ms. Carpenter were sworn into the Public Hearing and testified as follows.

A. COA-2023-00083 (204 Dundee Rd.)

The purpose of this public hearing is to consider a request for a Major Certificate of Appropriateness within the Pinehurst Historic District for a modification to approved COA-2022-00125. The property is identified as Moore County PID Number 00017853. The property owners are Mark and Pam Markiewicz and the applicant is W. Scott Haulsee of Homewright Construction LLC.

Ms. Carpenter discussed the proposed work and submitted into evidence the Staff Report with attachments / exhibits, Presentation, and Application and Applicant's materials / exhibits. Mr. Taylor accepted the materials submitted by Ms. Carpenter into evidence.

The Commission and Ms. Carpenter discussed whether the Contractor signing the Owner Authorization section of the applications was binding. Ms. Carpenter stated the Commission would need to speak with the Owner regarding authorization for the application being signed by the Contractor.

Mr. Mark Markiewicz and Mr. Scott Haulsee were sworn into the public hearing.

The Commission, Ms. Carpenter, and Mr. Haulsee discussed Mr. Haulsee being of the opinion that the proposed work follows all requirements architecturally and noted the two windows need to be removed to help with privacy which will be caused due to a new home being built. Mr. Haulsee also noted all colors and textures were chosen to take the home back to its original intention. Mr. Markiewicz stated they followed all requirements in making changes.

Ms. Vaitkus asked about the signer of the authorization to which the Commissioners stated they would like the owner to sign also. Mr. Vincent stated that this would not need to be a condition as it is merely a signature and does not change what they are doing.

Mr. Taylor asked whether there was any member of the audience wishing to present testimony either in favor of or opposition to the proposed Major Work. None came forward.

Mr. Taylor closed the evidentiary portion of the Public Hearing.

DRAFT

Mr. Herring moved that the Historic Preservation Commission approve a Certificate of Appropriateness (COA-2023-00083) and find the proposed Major Work at 204 Dundee Rd. is consistent with Historic District Standards and is deemed congruous with the Pinehurst Historic District based on the testimony given, the material submitted and the findings of fact. Seconded by Ms. Vaitkus. Approved by a vote of 6-0.

B. COA-2023-00050 (185 Barrett Rd. E)

The purpose of this public hearing is to consider a request for a Major Certificate of Appropriateness within the Pinehurst Historic District for the construction of an addition to the east side of the property at 185 Barrett Road E. The addition will consist of a garage on the bottom floor and a bonus room on the top floor. The property is identified as Moore County PID Number 00030738. The property owner is Christopher O'Connor and applicant is Sherrill Britt.

Mr. Cassidy discussed the proposed work and submitted into evidence the Staff Report with attachments / exhibits, Presentation, and Application and Applicant's materials / exhibits. Mr. Taylor accepted the materials submitted by Mr. Cassidy into evidence.

The Commission and Mr. Cassidy discussed the Staff Report accurately reflecting the property as being non-contributing to the Historic District as outlined in Appendix C, the Staff Report incorrectly including the Standard for Accessory Structures as being an applied Standard for review of this application, and the need for materials submitted by both the Staff and Applicant to reflect accurate and consistent information, such as the Owner and Applicant names.

Mr. Taylor disclosed a close, personal relationship with the Owners of the property but stated he did not feel this relationship would influence his decision. Mr. Taylor stated he would defer to the Commission on whether or not to recuse himself. The Commission determined it would be better for Mr. Taylor to recuse himself and allow Mr. Vincent to act as Chair for this portion of the Public Hearing.

Mr. Christopher O'Connor and Mr. Sherrill Britt were sworn into the public hearing.

The Commission, Mr. Cassidy, Mr. O'Connor, and Mr. Britt discussed the proposed work being an addition not accessory structure, the ownership of the property being Mr. Christopher O'Connor and Ms. April O'Connor, and the heated area depicted on the ground floor near the garage being set aside for a future elevator installation to allow the Owners to age in place.

Mr. Vincent asked whether there was any member of the audience wishing to present testimony either in favor of or opposition to the proposed Major Work. None came forward.

DRAFT

Mr. Vincent closed the evidentiary portion of the Public Hearing.

Ms. Mathis moved that the Historic Preservation Commission approve a Certificate of Appropriateness (COA-2023-00050) and find the proposed Major Work at 185 Barrett Rd. E is consistent with Historic District Standards and is deemed congruous with the Pinehurst Historic District based on the testimony given, the material submitted and the findings of fact. Seconded by Mr. Ecker. Approved by a vote of 5-0.

Mr. Ecker moved to adjourn the Public Hearing and re-enter the Regular Meeting. Seconded by Mr. Vincent. Approved by a vote of 6-0.

The Commission discussed various Standards and review processes within their purview, and the ability of adjacent property owners to voice any concerns over proposed work during Public Hearings.

RE: VOP – Historic Certificate of Appropriateness Major

Record ID #: COA-2023-00104

Per the reference, this application was submitted for the property located at 275 Midland Road. Also to be known as 'House #1.'

Included in this submittal:

1) This letter of explanation.

2) * A surveyor plat of the existing property, complete with location of the addition.

3) * Same plat indicating two lots most adjacent to our property.

4) Picture pages. Reference pictures with descriptions.

**** NOTE:*** The enclosed plat drawing was created when two lots were subdivided off from part of the original property. This was all done by the prior Owner.

Existing lot, house & addition 'space' detail:

- Lot size = 1.25 acres. Or, 54,450 sq. ft., approx.
- House & existing (attached) garage size = 4,620 sq. ft., approx.
- Additional garage = 1,440 sq. ft., est.
- ***Impervious Surface* (IS) *Calculations:***
  1. Total square feet available = 35% of 54,450 = 19,057.5 sq. ft.
  2. % of IS, building structures = 31.8% or 6,060 sq. ft. est.
  3. % other IS, gravel, walkway & driveways = 20.6% or 3,922 sq. ft.
  4. Sub-Toal, IS 'Used' = 52.4% or 9,986 sq. ft.
  5. % IS, ***still available*** = 47.6% or 9,071 sq. ft., of total 'allowance.'

Appearance reference(s):

- The existing house & garage are made of 'hand rolled' brick. This material was made-to-order in the early 1960's by the original home owner / builder. Meaning, they're no longer available.
- The overwhelming majority of the homes built in this immediate neighborhood are brick exteriors.
- The only other exceptions being wood / 'fiber cement' shake or horizontal siding. In closest proximity to our home, both of these siding materials exist. ***See pics included.***

'Addition' detail:

- The existing garage is single story construction.
- The height & depth of the addition / garage will be identical to this.
- The addition width is estimated at sixty feet (60' 0").

Summary:

- As indicated on the plat provided, the location of the garage is an addition to the existing garage. This location will make it minimally visible from Midland Road.
- Every effort is planned to make the exterior aesthetic as compatible, as is feasible, given the immediately surrounding homes & Pinehurst.
- Since purchasing the 275 Midland Road property in 2017, significant effort & investment has already been made to improve the appearance of this home.

Thank you for your interest and consideration,
Heidi & Richard Larson
