Mr. Burich discussed future issues that may come before the Board in the next two years to include:

- Create a small area plan for Village Place and Rattlesnake Trail Area to be hopefully adopted by November 2020. He stated he is currently working on a Request for Qualifications (RFQ).
- Consider expanding the Village's Extra-Territorial Jurisdiction beyond NC 211 and west of Highway 15/501, pending the outcome of current lawsuits.
- Reevaluate the need for minimum square footage requirements in the Pinehurst Development Ordinance (PDO).

- Support efforts of the Tri-Cities work group to create and enforce standards for corridors coming into the Village, which will require PDO changes.
- Explore ways to create a commercial spine to connect Village Place and Village Center.
- Update the Village's wellhead protection plan.
- Utilize CommunityViz software to evaluate the impacts of development.

Mr. Burich stated there would be a lot of PDO changes in the next three to five years, including implementing form-based zoning.

Ms. Latham asked about the status of signage issues. She stated a subcommittee had met and considered revising the entire signage section of the PDO. Mr. Burich stated that staff will look at revising the signage section.

Mr. Burich discussed the Pinehurst South Cottages conditional district rezoning request. The Board had previously recommended denial of the rezoning request to the Village Council. He stated the applicant would like to meet with staff and the Board before bringing the request back before the Board. Mr. Santowasso indicated he was interested in meeting.
