RESOLUTION #13-52:

A RESOLUTION ESTABLISHING THE DATE FOR THE ORGANIZATIONAL MEETING OF THE VILLAGE COUNCIL PURSUANT TO THE ELECTION HELD NOVEMBER 5, 2013.

THAT WHEREAS, the Village of Pinehurst conducts municipal elections pursuant to North Carolina General Statutes, Chapter 163, Article 15; and

WHEREAS, pursuant to North Carolina General Statutes, Chapter 160A, Section 68, any newly-elected Councilmembers must take office no later than the first regular meeting in December following the election; provided however, that the Council could select an earlier time if desired; and

WHEREAS, by Resolution of the Pinehurst Village Council dated November 18, 1985, the newly-elected Village Council and future Village Councils are authorized to hold their organizational meeting prior to the first regular meeting in December following the election, if certified election results have been received from the Board of Elections; and

WHEREAS, the certified results of the Municipal Election held November 5, 2013 will have been received from the Moore County Board of Elections by November 20, 2013;

NOW, THEREFORE, BE IT RESOLVED by the Village Council of the Village of Pinehurst, North Carolina in work session assembled this 18th day of November, 2013, as follows:

SECTION 1. That the Village Council hereby sets the date and time for the organizational meeting following the November 5, 2013 municipal election for Wednesday, November 20, 2013, at 1:00pm in the Assembly Hall of the Village Hall located at 395 Magnolia Road.

SECTION 2. That the Village Council does hereby rescind any previous resolutions scheduling the Organizational Meeting.

THIS RESOLUTION passed and adopted this 18th day of November, 2013.

**REQUEST FOR SPECIAL INTENSITY ALLOCATION
TERRY RINEY OFFICE BUILDING
REPORT TO VILLAGE COUNCIL
November 15, 2013**

Prepared by the Pinehurst Planning and Inspections Department

Request

The applicant seeks a Special Intensity Allocation in order to construct a new office building at 15 Trotter Hills Circle. Section 12.4.5(c) of the Pinehurst Development Ordinance indicates that up to 10 percent of the balance of the watershed may be developed for non-residential uses allowing up to seventy percent built-upon area on a project by project basis. Non-residential uses or development seeking to establish additional impervious surface allotments in the Watershed may do so only after Village Council approval of a Special Intensity Allocation.

Note: As the proposed improvement will disturb less than 1 acre of land, Minor Site Plan approval is required by village staff only.

Property Location 15 Trotter Hills Circle

Zoning Office & Professional: This district is established as a district in which the principal use of land is for office and professional service uses and their supporting uses.

Watershed Protection Overlay District: The purpose of this district is to ensure the availability of public water supplies at a safe and acceptable level of water quality for present and future residents of the Village and the surrounding region.

Highway Corridor Overlay District: The primary purpose of this overlay district is to preserve and enhance the natural beauty adjacent to and along the Village's public highways in conjunction with the existing zoning districts. This overlay district is established to prevent unsightly conditions as a result of development which may destroy or detract from the natural character, beauty and conditions and to exercise such reasonable control over land within the district as may be necessary to accomplish the objective. *It should be noted that a variance was granted*

in 1996 allowing this property to develop without meeting the requirements of the Highway Corridor Overlay District.

Land Area 1.14 acres

Current Land Use Vacant lot in the Trotter Hills Office Park Development

Project Analysis

The applicant is proposing to construct a 2,835 square foot office building with associated parking, landscaping and walkways. In accordance with Section 12.4.5 of the PDO, ten percent of the WS II Watershed can be granted a Special Intensity Allocation. This will yield an area of 819.84 acres eligible to receive this Special Intensity Allocation. This SIA would grant relief from the WS II maximum impervious built upon area of twelve percent and increase that to seventy percent or the maximum impervious built upon area for the underlying zoning district, whichever is more stringent. The proposed project will involve a 1.14 acre tract. This request is for 1.14 acres of Special Intensity Allocation to be granted. Please note that the total impervious surface on this property after the proposed development will equal 29.4% but the site is being designed for future development. The maximum allowable impervious surface within the Office and Professional Zoning District is 65%.

The table below outlines activity in the Watershed II since August 1996.
