REVIEW CHINQUAPIN RD. PARALLEL PARKING CONCEPT ADDITIONAL AGENDA DETAILS:

DATE OF MEMO:

MEMO DETAILS:

This item is to discuss and receive Council direction on the concept of converting the angled parking spaces on the upper end of Chinquapin Rd. between the rear of the Magnolia Inn and Ritter Rd.

There are currently 7 angled parking spaces in this area. If they are converted to parallel parking we would lose 3 parking spaces. There is room however to add back two 90 degree golf cart parking spaces in addition to the 4 parallel parking spaces.

There is also room to add two 90 degree golf cart parking spaces to the existing three parallel parking spaces beside the Magnolia Inn.

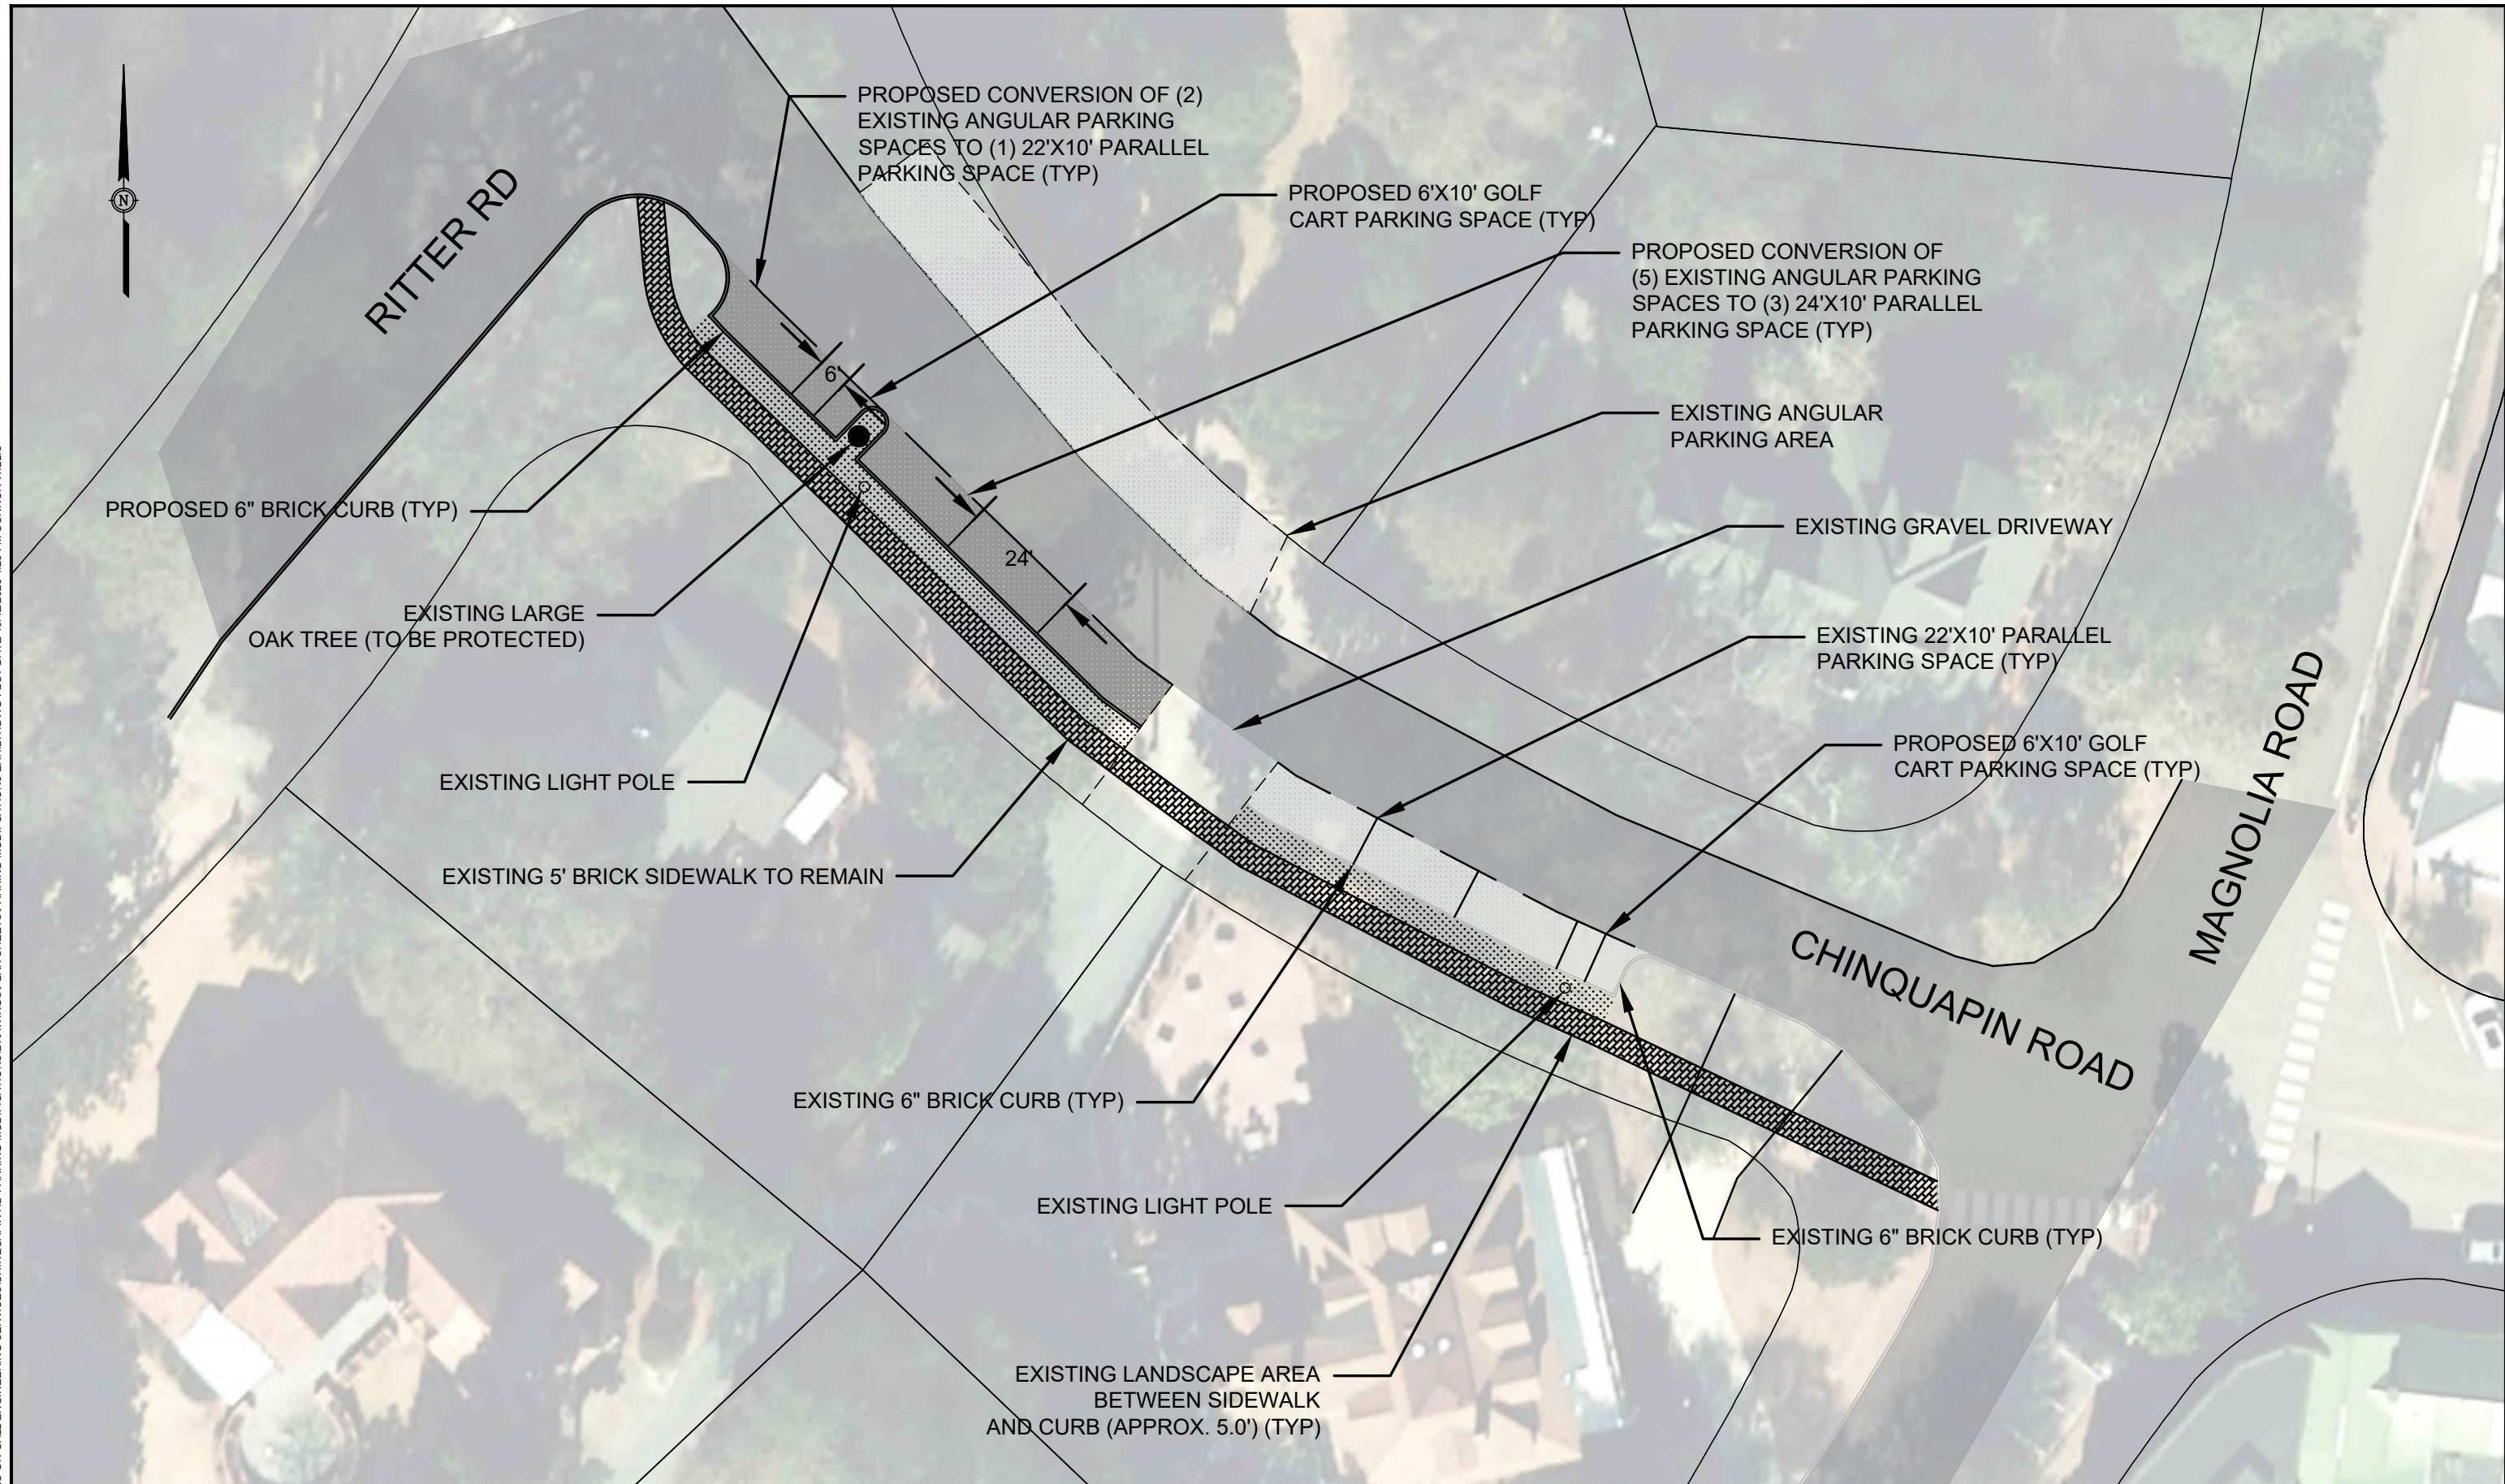

These modifications would require adding brick curbing, pavement and striping in order to function properly.
